JUNEAU, ALASKA. EXEC. MAN.

Proposal for non-conducting coverings for pipes and boiler.

Seattle, Washington,
November 26, 1912

The Supervising Architect,
Treasury Department,
Washington,

Sir:-

We herewith propose to furnish, F.O.B. Seattle, Wash., wharf non-conducting coverings for steam pipes and boiler and for hot water pipes as per the following specifications and schedule for the sum of $73.52

Covering for steam piping to be composed of alternate layers of plain and ribbed asbestos paper running lengthwise of the pipe with thickness of shell not less than one inch.

Covering for boiler and pipe fittings to be composed of asbestos cement of such quality that when mixed with water and applied in a plastic condition it will harden and make a smooth durable finish.

Covering for hot water piping to be composed of successive layers of soft wool-felt and lined with asbestos sheathing.

Covering for steam piping and hot water piping to be in sections about three feet long cut lengthwise through the center and covered with canvas and supplied with brass bands.

Schedule.

Modification library mantel now finished would make either too high or too low, spoiling room. Library light openings can be changed trifling expense without exposing wires. Hall mantel light openings so placed that change imperative, for mantel cant be changed. All necessary is to shorten horizontal conduit and disturbance plaster immaterial as panelling covers. Dislike act on your request for leave but work proceeding badly as possible and foreman constantly wishes refer questions. Plumbing in bad mess. Please authorize moving lavatories nearer windows in two main bathrooms as your plan provides only sixteen inches passageway between side of tubs and lavatories which are on opposite sides. Light openings in bath rooms extremely inconvenient and water pipes cross them squarely. Lights in both main bath rooms controlled from guest room only. Can you not authorize absolutely necessary minor changes within stated limit of extra expense. Has furniture been awarded and what prospect shipment. Shattuck promises complete next week except Wood Composition. When will that be shipped.

CHRIST KUPPLER
CONTRACTOR AND BUILDER

SEATTLE, WASH., 12-11-12. 191__

Mr. W. N. Collier, Supt.,

Juneau, Alaska.

My dear Collier:-

Sent you the following message today:

"Stamped ornaments shipped Dec. 3rd Humboldt. Am tracing. Composition caps shipped today Northwestern. Seal and carvings will be ready Dec. 16. Letter in mail."

The W. P. Fuller Co. advise that the stamped ornaments for trim were shipped on the Humboldt Dec. 3rd and of course they should be at Juneau if they actually were on the Humboldt. However, I am tracing this matter from here. I received your telegrams and anticipate the total cost of labor to complete will be about $700. to $900., all of which I trust will be amply covered by "extras". I notice the last payroll sent by Mr. Quackenbush of Nov. 23rd, which was not mailed from Juneau until Nov. 30th (for which delay we cannot account), had 6 or 8 laborers thereon. We presume this will account for some of the "extras". The payroll of Dec. 7th of course has not reached us. Mr. Quackenbush is certainly way off in his estimate of the amount he thought it would take to complete the building unless, as stated above, there is considerable "extra" in his payrolls. We presume, however, he has an accurate knowledge of what these "extras" consist of.

Will you authorize "extras" to the department now or allow the government to pay the Dec. 7th payroll? Of course the Dec. 7th payroll runs a little over the $10,000. limit.

I have been keeping after W. P. Fuller & Co. in accordance with the memo. handed me while you were in Seattle and will continue to do so

W N C #2.

until everything is shipped from Seattle. Presume it will not be necessary to have so many carpenters as you name in your telegram of Dec. 11th for the entire time to complete,- also later on perhaps only one painter.

Received a letter also with the payroll of Nov. 30th from Mr. Quackenbush but he did not go into detail very much as to what progress had been made. I would be very glad to receive any information you wish to give by return mail.

Thanking you, I am

Yours very truly,

Christ Kuepfer

Superintendent Collier,
Care Collector of Customs,
Juneau, Alaska.

Sir:

In view of your statement in letter of Nov. 29th that your telegram recommending the acceptance of the proposal of the Crane Company, in amount $75.02, for non-conducting coverings for heating boiler and piping for use in the Executive Mansion, Juneau, Alaska, was in error, that portion of Department telegram, dated Nov. 30, 1912, which accepted such proposal, is hereby revoked. You are authorized to accept the proposal of the H.W. Johns-Manville Company, in amount seventy-three dollars and fifty-two cents ($73.52), forwarded in your above mentioned letter, for non-conducting coverings for heating boiler and pipes.

You are also authorized to accept the following proposals forwarded by you:

Alaska Supply Co., Nov. 18, 1912, forwarded in your letter of the same date, in amount fifty-three dollars and sixty-five cents ($53.65), for furnishing 251 lbs. band iron, 5 bbls lime, 5 sacks hydrated lime, 36 machine bolts, 2 kegs 3d nails, 1 keg 10d finish nails.

Alaska Supply Co., Nov. 18, 1912, in amount eighty-seven dollars and fifty cents ($87.50) to furnish 25 barrels Portland cement.

Alaska Supply Co., Nov. 18, 1912, in amount fifty-five dollars and fifty cents ($55.50), to furnish 2000 shingles, 500 ft. B.M. shiplap, 3100 lin. ft. furring strips, 1576 B.M. miscellaneous framing lumber.

American Radiator Co., Nov. 29, 1912, amount fifteen dollars and twenty-five cents ($15.25) to furnish one pantry plate warmer.

The Grote-Rankin Company, Nov. 29, 1912, in amount fifty-five dollars ($55.00), to furnish one range, as set forth in the proposal.

The Collector of Customs will be authorized to make payment of the above amounts upon vouchers certified and issued by you, from the appropriation for "Executive Mansion, Juneau, Alaska".

Respectfully,
Sherman Allen
Assistant Secretary.

Dear Sir:

We are pleased to report that we have received payment for both of the vouchers received from you covering material shipped to Juneau for the Executive Mansion.

You will remember that our proposals cover plaster only and not sacks, but the sacks amounting to $58.70 have been charged against you nevertheless. As this work is all completed now, we will request you to kindly see that the sacks are returned, so that we can charge off this amount, which we still hold against you.

Thanking you for your attention, we remain

Yours very respectfully,

New at Seattle.Money telegraphed today.Materials not being furnished as wanted has caused payroll to exceed contract limit arrange to have all excess as extra.Your letter december seventeenth laborers on payroll excavating for the front walk and drive way.This not in my proposal.I did not figure anything outside grading side walks filling lumber delivery of all material nor any work in basement. You stated when at frye hotel seattle I should only give approximate figures as per my estimate furnished you at your request.Later you received telegram from WASHINGTON stating a limit cost must be given. You asked me to also give an estimate on wiring and plumbing and you and Myself agreed to place such limit at ten thousand exclusive of percentage considerable materials would have been delayed in leaving Seattle had I not followed them up to expedite shipment as per your telegraphic orders this should be given due consideration.

MAIN 4901
IND. 3871

1525 THIRD AVENUE
SEATTLE, WASH. Dec. 17, 1912

Mr. W. N. Collier,
Supt. of Construction,
Executive Mansion,
Juneau, Alaska.

Dear Sir,-

Referring to our proposal of July 13th for furnishing electrical supplies for the executive mansion at Juneau, we have just noted that an error of $6.00 was made in the addition, and the total amount, instead of reading $438.29, should be $444.29. This is exclusive of the reel, which we have charged to you at $4.00, and for which we will allow you credit if returned to us within sixty days from date of shipment, F. O. B. Seattle.

We also note that an item of 90¢, covering, 3 #11 B Deep Boxes, with Covers, was omitted from our invoice, and we are, therefore, sending you herewith an additional invoice covering this charge, and a corrected statement, which we trust will explain the matter entirely to your satisfaction.

Regretting the errors, and trusting same will not cause serious inconvenience, we beg to remain

Yours very truly,

REARDON ELECTRIC COMPANY.
