Sitka Alaska April 16 1894

To the Honorable,

The Secretary of the Interior,

Washington D.C.

Sir:

Please find herewith enclosed letters of Hugh L. Wyman M.D., Marcus Cohen, Hon. F. A. Reeves Solicitor of the Treasury, and the Hon. W. F. Durbin, Acting Secretary of the Treasury: All of which were referred to the Governor of Alaska for consideration, and expression of views upon the questions presented in the said letters.

I have the honor to say that in my opinion, it would not be possible for any one to operate a brewery in Alaska, for the manufacture of beer, and keep within the law and regulations made by the President as promulgated in Treasury Circular No. 34 dated at Washington March 12 1892, and I know of no way for the proprietors of breweries to obtain relief, except by act of Congress.

The Governor of Alaska has but limited discretionary power and can do nothing in the matter but to execute the

Hon. Sec. Interior. 2

law as he finds it., and in the light of recent experience, he would not feel warranted in granting a permit to any one to operate, or open a brewery in Alaska.

Respectfully Yours.

Sitka April 17 1894

To the Honorable,  
The Secretary of the Interior,  
Washington D.C.

Sir:

As requested, I herewith return the letter of Mr. John F. Gray of Juneau City Alaska, and the communication of Honorable W. E. Curtis Acting Secretary of the Treasury also copy of S. S. City of Topeka's manifest of liquors shipped to Juneau City Alaska, to be sold for medical mechanical, and scientific purposes. The subject matter of which was referred to the Governor of Alaska for investigation and report.

I have the honor to report that I visited the City of Juneau Alaska on the 27th day of March 1894, and made a thorough investigation of the charges and allegations made by John F. Gray against the druggists of that place, in his letter of December 28, 1893 to the Honorable Secretary of the Treasury.

Upon my arrival in Juneau Alaska, I requested the Deputy U. S. Marshal to immediately notify Mr. John F. Gray

Sec. of Medicine &

the complainant, and also the druggists against whom the complaint had been made, to appear at the Court House in the City of Jumeau, at ten o'clock P.M. on the day.

At the appointed hour and place John P. Gray, Plaintiff, and the following druggists, holding permits to sell intoxicating liquors for medical, scientific, and scientific purposes, appeared, William Nelson, Dr. J.C. Kober, and William Mulcahey, comprising all the druggists who hold such permits in the City of Jumeau, that of Nelson having expired, in November 1888.

Present at the investigation, which was conducted openly, all parties in interest and many others being present. I stated the cause, read the complaint and examined the witnesses.

The charges of John P. Gray against the druggists of Jumeau City were fully sustained by direct evidence. Four witnesses, Frank Howard, George Miller, Silas Gibson and Frank M. Barry testified under oath that they had bought at sundry times as much as five gallons at one time, which was taken to a saloon and sold at retail by the said

Silas Gibson testified, that he keeps a bar-room, and that he bought five gallons of whiskey of Mr. Nelson

Hon Sec. of the Interior 3

the druggist, and sold it by the drink. Frank Berry testified that he bought within this year ten gallons of whiskey at one time from J.C. Koosher the druggist and sold it. George P. Miller testifies that he keeps a hotel and a bar, and that he bought whiskey this winter from both Mulchahey and Koosher several times, generally bought half a gallon at a time, always sent a man to get it but paid for it himself, and sold it over his bar. Mulchahey knew he kept a bar.

The defendants were requested to cross-examine the witnesses, but did not do so, and had nothing to offer in defence, but claim it a conspiracy to deprive them of their permits to sell liquors.

I believe that the druggists have willfully and knowingly violated the Executive Order regulating the sale of intoxicating liquors in the Territory of Alaska for medical mechanical, and scientific purposes.

Therefore I deem it my duty to suspend the permits of all the aforesaid druggists in the City of Juneau and I have accordingly formally suspended the permits of Wm. Nelson, Wm. Mulchahey, and Dr. J.C. Koosher, for an indefinite period.

Respectfully Yours

James Sheakley

A new floor, thirty double desks and seats, roof repainted, a new coal house, and about fifty dollars expended on the grounds and out-buildings

These improvements are very much needed, and would greatly benefit the school, and be creditable to the Government.

The interest and attendance of this school has somewhat abated; while the attendance at the Russian school has increased.

I saw by the news papers that the Senate had passed a bill to make three Judicial Districts in Alaska. I do not believe that we need anything of that kind; and all such legislation is in the interest of outside parties.

It would be safe for the house to block all bills of that character. No laws should be made by Congress for Alaska by request of her people. Hoping to hear of the passage of our Codification Bill I remain,

To the Honorable  
The Secretary of the Interior,  
Washington D.C.

Sir:

I have the honor to report that during a ten days cruise on board the U. S. Anboat Pinta in the month of July 1894. I visited the villages of Point Ellis, Shekan, Point Barrie, Wrangell, Kitchikan, Metlakatla, Kake, Chilkot, Chilkat, and Hoonah.

As instructed in Department letter dated December 22 1893 (initials BHS) at Washington D.C., I have selected and marked off by mates and boundaries the following grounds to be reserved for school purposes in Alaska, by Executive order:

With the aid of some of the ships crew I did the surveying at Kake and Hoonah. Having nothing but a pocket compass I could not give the bearings; but the Government being now in the possession of these grounds there can be no dispute as to boundry lines.

The reservation at Chilkat was excluded from the claim of the Hugh Murry Trading and Manufacturing Company by the

Hon. Sec. of Interior Dept. 2 —

by the survey made by Mr. Carside. I enclose the field notes of said reservation as made by him.

The ground reserved at Juneau was selected and marked off by the Educational Board for Alaska some years since, and was excluded by the Hannu and Tompkins surveys as reserved for educational purposes, and the United States is now building and will have completed by September 1st 1894 a new school-house for the native children.

These selections of ground for school purposes have been made without expense to the Government.

Yours respectfully,

James S. Shook  
Governor of Alaska.

Dear Sir:

During the month of July I made a ten days cruise on the U. S. Gunboat Pinta. We called at Point Ellis, Shekan, Point Barrie, Wrangell, Metlakatla, Kitchikan, Kake Village, Chilleet, Chilkat, Haina Mission, and Hoonah.

I surveyed and marked by metes and boundaries reservations of land for school purposes at the Indian Village of Kake on the Island of Kpreonof and the Indian Village of Hoonah on the Island of Chickagoff. I also procured the field notes of the surveyor Mr. Garside excluding the reserve for school purposes at Chilkat from the claim of the Hugh Murry Trading and Manufacturing Co. which bounds the reserve on three sides.

I also sent description of block No. 32 Juneau City which was marked off by the old Board of Education for Alaska and excluded by the Honus and townsite surveys.

Hon. Wm. T. Harris 2—

as a reserve for school purposes and on which we are now building the new school house.

All of these four reservations have been forwarded to the Hon. Secretary of the Interior, to be reserved by order of the President.

I went to Juneau on the S. S. Topoka July 19 and assisted Mr. Kelley in locating and marking arrangements to build a new school house and repairing the old one, which when both are complete will be a very great improvement. I suppose that Mr. Kelley has written you of the details.

Rev. Mr. Jones in charge of the Mission thought that we had located the new school house 50 ft from the Mission 700 feet. We replied that the school house was in the right place near the Indian Village, but the Mission was in the wrong place, being in the center of the white town. The children can go to school from the Mission quite as well as they did before, and the children from the Indian Village can attend without going through the town occupied by the whites.

The white people of Juneau are very much opposed to sending their children to the same school house and on the same floor with the natives, and did not wish to have the new building placed near the old one.

"Whatever is worth doing at all is worth doing well."

I would recommend that a new local committee be appointed composed of Hon. W. H. Mellen, Mr. \_\_\_\_\_ and Mr. \_\_\_\_\_

Hon. W. T. Harris — 3 —

Fred. D. Nowell. Mr. Mellen is the U. S. Commissioner, and is a gentleman of education much interested in schools. Mr. Behri is one of the leading merchants here, and a good man. Dr. Jackson knows him well. Mr. Nowell is the General Manager of the Nowell Mining Company hails from Boston Mass. and is a first class man. All three have families and would have great influence in building up the school.

Very sincerely yours.

The Honorable,

The Secretary of the Interior,

Washington D. C.

Sir:

I have the honor to acknowledge the receipt of your favor of July 21 enclosing letter of Mr. Wentworth Sarel to the President in regard to Indian murderers in Alaska.

One Johnson, a Seede, had been engaged in smuggling whiskey from Ft. Simpson B.C. into Alaska. Some time in January last, about twenty miles from Shekan on Prince of Wales Island, he had sold to a company of Indians several gallons of whiskey, on which they had become intoxicated.

He had taken three Indian men, one Native woman and her small boy on board his sloop and started for a point near Mount Calder, Sumner Straits. While on the way the Indians shot and killed Johnson, rifled the boat of all valuable property, and set the sloop adrift.

I was notified of the murder by the enclosed letter, and immediately advised with the U. S. Marshall L. E. Williams, and he

Secretary of the Interior—2—

informed me that the Government would pay all reasonable expenses incurred in arresting criminals. I then wrote Mr. Kelly U. S. Commissioner at Wrangell to issue warrants, and have the U. S. Deputy Marshall at Wrangell go to Shekan in search of the accused Indians, which was done. He succeeded in arresting one of the Indians who had done the killing, and brought him here to Sitka and he is now in jail.

This Indian stated that the other Indians who were with him in the sloop had killed Johnson, tied a stone to his body and dropped him into the sea. On July 8 I started on the U. S. Gunboat Pinta to visit all the villages in South East Alaska. The U. S. District Attorney Mr. Taylor, the U. S. Deputy Marshall Mr. Wallace and the Indian which had been arrested were also on board. We went to the scene of the murder two hundred and fifty miles from Sitka, and had the Indian point out the place where the body had been thrown overboard. A boat was lowered and two hours spent in searching for the body of the murdered man without results. The ship then sailed for Wrangell: on arriving there we found that one of the other Indians engaged in the murder also the woman and the little boy had come to Wrangell given themselves up, and were in jail. This Indian related that when the man was dead they took his body on  
stated that

shore and covered it with brush. The Deputy Marshall with five men, and the Indian woman returned to the place 81 miles from Wrangell and found the body on the land, the woman directing them to the place.

The two Indians are in jail awaiting trial. The woman and child are detained as witnesses, the other Indian will soon be arrested. The Indians of South-Eastern Alaska are a peculiarly inoffensive people, and will harm no one unless under the influence of liquor or when seeking revenge for some wrong that has been done them by white men.

Respectfully yours.

Almost all the articles on the receipts I have from San Francisco are marked "unrecoverable" also during the ten years that these stores have been Alaska, some have been lost or destroyed. Will you instruct me as to a final settlement of the account.

The 8 tents noted in the enclosed invoice is an original bale, never opened. There are still 14 here but in a very bad condition, having been eaten by mice, and discolored by mildew. They can be sold here to persons who will repair them. Some would bring the full price others three or four dollars. Can authority be given me to dispose of these tents?

Hon. D. M. Browning  
Commissioner of Indian Affairs,  
Washington D.C.

Sir:

Department letter of August 21 (18-021) relative (I. A. A. and W. S. A.) enclosing statement of my accounts for the fiscal year 1894, refers me to section 23 of regulations 1894.

Said section states as follows: "Where an interpreter cannot be had, such fact must be stated. This, I take the honor to wish to state, since an interpreter is not always available, and in no case absolutely necessary, as nearly all the Indian population of Alaska speak English."

It is a very difficult matter to get vouchers properly signed, as many of the employees are five hundred miles from here, in inaccessible places, with no mail facilities. Months previous to their payment, vouchers are sent to these Indians for signature, and when returned to us their checks are sent to them, and the white man's name, who delivered the voucher and the checks to the Indian, appears on the voucher as witnesses thereto.

Hon. D. M. Browning 2

Where it was possible, some of the vouchers submitted in my account with letter bearing date of June 30 1894, were certified to by an interpreter. Vouchers Nos. 1, 2, 5, 8, 11, 14, 17, 20, 28, 27, 30, 39, 42, 45, 75, were so certified. The reason the others were not so certified, was because there was no available interpreter.

Is an interpreter necessary when the Indian Policeman can talk good English?

I herewith enclose as requested in your letter, a report of employees in the District of Alaska for the fiscal year of 1894. For vouchers Nos. 12 and 46 I will obtain new vouchers signed by the Indians and forward them to you. This however will take a long time.

Very respectfully

James S. Steadley  
Governor of Alaska.

Dear Sir:

The payment of the Indian  
 Policemen of Juneau for the last fiscal  
 year in my accounts, now in Washington  
 has been temporarily suspended, for the  
 reason that the vouchers for their payment  
 had not been certified to by our

.....

Sir:

The Indian Police of Alaska have all received their pay for the fiscal year of 1894, but in adjusting my accounts for that year, vouchers herein indicated have been suspended of credit to me at Washington D.C. for the reason that said vouchers had not been certified to by an interpreter.

I enclose herewith a certificate to be signed by the interpreter or the person that gave the checks in payment to the Indian Policemen. Will you kindly have them properly signed and return same to me, at the earliest convenience.

Thanking you in advance I remain,

Yours Truly,

Governor of Alaska S. D. A

Sir:

In reply to yours of Sept 10, I have the honor to say that I requested you to go to Red Fish Bay with the U. S. S. 'Pinta' for the purpose of giving transportation to the United States Marshal, as he had several warrants of arrest to serve on some of the employes of the cannery at that place.

Very respectfully yours,

James Shukering

Hon. D. M. Browning,

Commissioner of Indian Affairs,

Washington D.C.

Sir:

In adjusting my accounts as Special Disbursing Agent to pay the Indian Police of Alaska, the payment of all the vouchers for the fiscal year of 1894 has been suspended, for the reason that they were not certified to by an interpreter, referring me to Sec. 277 Regulations 1894, which states that "this does not apply where an interpreter can not be had". This is often a case in Alaska.

In a separate by this mail I have complied as nearly as possible with the regulations; but I wish to place some of the conditions under which we labor, before you, in a letter that will excuse any necessary official correspondence.

Due to the great distances intervening, and the meager transportation facilities between places in Alaska, it is impossible for me to see but few of these Indian policemen in person or through any official agent, hence vouchers are not returned in payment thereof.

Hon. D. M. Browning 2

These vouchers and checks are sent through the mails or taken thither by some responsible person to the town in which the employe for whom they are intended lives, and delivered to some United States Official, if there is one or to a missionary, or a merchant who attends to the matter of getting the vouchers signed, witnessed, and returns same to me.

Many of the Indians speak fair English, and as the interpreters certification is not printed on the reverse side of of voucher (5-33.5c.), and as the voucher is witnessed by one or two (two if available,) and the extent of the latter part of Sec. 277 Reg's 1894, led me to believe that an interpreter was not necessary, especially where the Indian employe understood and spoke English, and particularly where "an interpreter could not be had".

None of the gentlemen who very kindly attend to the business detailed above are in the employ of the Office of Indian Affairs, and while I have no cause for complaint on account of the manner in which they execute favors I ask of them; yet the Affairs are not carried to completion with the same despatch and correctness, as should be found in an Indian Agency.

There are no paid interpreters in the Territory, and those acting in that capacity, do so with out compensation.

Lytton Taylor Esq.

Dist. Attorney for Alaska.

Sir:

In reply to your favor of September 10 I have the honor to say, that the members of the Indian police force of Sitka are absent on leave, for the purpose of gathering their winter supply of food. They will return in a few days and attend to the duties of their positions.

I have been through the Indian Village to-day and found it nearly deserted, for the same reason that these Indians, whom I have charge of as Policemen, are away. We must take some cognizance of the manners and customs of these people.

Very respectfully,

James Sheakley  
Governor of Alaska.

Hon. W. T. Harris

Commissioner of Education,

Washington D. C.

Dear Sir:

Your esteemed favor of August 16 received. I wish to express my thanks to you for your kindness in allowing the improvements to be made on the Sitka school building and grounds. The Committee are truly grateful.

I submitted plans to the local Committee, they approved, and requested me to see that the improvements were carried to completion, which I am doing. The coal house is completed and the lumber for the floor is "stuck up" in the school room, so as to have it perfectly seasoned before nailing down, which may not be done until the holiday vacation.

The furniture will be ordered from Seattle when we get a catalogue containing quality and prices. The improvements at Juneau and this place are a credit to the Bureau of Education, and will do something toward influencing public opinion in favor of Education in Alaska.

Hon. W. T. Harris

I was desirous of having the white children at Juneteenth provided with proper school facilities, and also to have the Government school property that came under the direct observation and criticism of both citizens and tourists, made creditable.

I hope to meet you in Washington this winter.

Respectfully yours,

SITKA, Alaska, November 10, 1864.

The Honorable,

The Secretary of the Interior,

Washington, D. C.

Sir:

I have the honor to acknowledge the receipt of your communication of October 2, 1864, including report of Captain E. Longbecker, Commander of U. S. S. Sitka, U. S. Navy, and letters of reference.

and in reply allow me to state that at no time since I came into possession of this office has any Indian or Indians, belonging to British Columbia, applied for or received permit from the Governor to hunt in Alaska.

In June last a number of Indians from New Metlakatla came here and stated that they were going up the coast to hunt for fur seal and wished to be informed as to the law and regulations governing that business. I gave them the desired information and they departed. The same Indians returned to this place in August last and reported to me that no fur seal had been caught by them but that fourteen seal otter were taken and the skins were now in their possession. Assistant Secretary of the Treasury,  
Washington, D. C.

Dear Sir:

I have the honor to submit one hundred copies of bill for your examination and criticism.

Under this bill the old law remains as it now is, and the power to sue this special, for into objection as detailed by the appropriate department of the Government. If no license are granted by the Governor, either on his own motion or by instruction from Washington, then the present law is still in force supplemented by the new section relating to the sale of intoxicants to Indians.

The enactment of this law would relieve the situation very much, and a large majority of the people would be brought into sympathy with the Government in the enforcement of all the laws. It would also entirely stop the smuggling of whiskey from British Columbia into Alaska.

The mining towns mentioned in the bill refer to the
