Sir:-

The steamer "Portland"

which I took from Seattle did not stop at Fort Wrangell on her way north. I had written in advance to Rev: James W. Kirk telling him that Mr: Weber's name had been proposed to you for appointment as trustee, that you had asked me what kind of man he was, and I had informed you that I was not acquainted with him, that I had asked you to hold the matter in abeyance until I could find out something about Mr: Weber, because the natives at Fort Wrangell have claims that should be respected and a trustee who is in any way hostile to them should not be appointed.

I requested Mr: Kirk to consult the best people in the town and let them know their choice by letter sent to Sitka. I received a letter from Mr: Kirk and herewith you will find a copy of the portion which covers the matter of trusteeship.

Today I received your cablegram and answered it to the effect that Mr: M.F. Inman is the proper man to be appointed.

I have the honor to acknowledge the receipt of your favor of the 14th ultimo informing me that you had transmitted to this office five hundred copies of the new law Public No. 26, entitled "An Act to provide for the construction and maintenance of roads, the establishment and maintenance of schools, and the care and support of insane persons in the District of Alaska, and for other purposes".

I shall see that these are distributed to the school boards, teachers and others who should have them.

I think this law will raise some difficulties in its interpretation but we will do the best we can to put it into execution and find out what amendments may be necessary to make it workable.

Hon. Alfred S. Moore,

My dear Sir:

I beg to enclose herewith a copy of a letter which has come to this office.

This woman, Mrs. Sarah Carscaden, mentioned in the letter is an inmate, sent from Alaska, of the Mt. Taber Sanitarium and there at the government expense.

If she is the rightful owner of such a large amount of property it would seem proper that she should have the benefit of it and that the proper steps should be taken to see that it is put in such a shape that she may have the use of it.

I submit the matter to you and ask that you may interest yourself in it, and that you also ask the U. S. Attorney to make inquiry into the matter.

If she has property of her own I think it is only just that it be spent for her good and that she be not kept as a public charge.

You will learn from the enclosed copies of letters that one of the patients from Alaska at Mt. Tabor Sanitarium is possibly the owner of much property at Cape Nome and that I have written to Judge Moore concerning this matter.

I think you should be apprised of this and perhaps a request from you will result in a more careful and thorough inquiry.

If the woman is the possessor of so much property she should not be at Mt. Tabor as a charge of the government.

Very respectfully yours,

Governor of Alaska.

My dear Sir:-
I beg to inform you that I have been informed that the woman mentioned in the enclosed copy of the letter from the Government is the owner of much property at Cape Nome and that I have written to Judge Moore concerning this matter. I think you should be apprised of this and perhaps a request from you will result in a more careful and thorough inquiry. If the woman is the possessor of so much property she should not be at Mt. I submit the matter to you for your consideration and that you should be apprised of this and perhaps a request from you will result in a more careful and thorough inquiry. Hon. J. G. Brady
Governor of Alaska, Sitka.

Dear Governor:

In accordance with suggestions made to you by Dr. Coe and myself, I have investigated the matter of Mrs. Sarah Carscaden, who is an inmate of this Sanitarium. I was unable to get from her any more definite a list of the property she claims than I give below. She says that it is all recorded in the proper recorder's offices in Alaska.

She says she is the owner of North Pole claim, on the first bench on Solomon river; No. 5, Little Hurrah; Northern Light; White Rose, all recorded in the office at Nome in her name. Then she owns the Palace Restaurant building at Solomon; Creamery Restaurant at Nome; and a cabin with three rooms, two houses from the Catholic Church between 3rd and 4th streets on an alley, at Nome.

By virtue of having grub staked parties, she owns an undivided one third interest in the following quartz mining claims and locations:

"Ida G" quartz claim, located August 25th 1902 in the name of W. R. Goode, notice of location recorded in Vol. 114, page 156, Cape Nome Mining and Recording district.

"Blue Bird" quartz claim located Aug 21 1902 in name of Robert Ford notice of location recorded Vol 114 page 157;

Copy - 2.

"Blue Bell" quartz claim located Aug 23 1902 in name of Robert Ford notice of location recorded Vol 114 page 158

"Good Thing" quartz claim located Aug 21 1902 in the name of W. R. Goode notice of location recorded Vol 114 page 159.

"Penobscot" quartz claim located Aug 21 1902 in name of George Mitchell, and notice of location recorded in Vol 114 page 160.

"Rainy Day" quartz claim located Aug 21 1902 in the name of E. M. Van Slyck and notice of location recorded in Vol 114 page 161.

All of said claims being located on the right limit of Big Hurrah Creek and on or near Trilby creek.

I understand that a man named Dr. Moore of Nome has been appointed administrator at a salary of \$10 a day, and it is believed that at that rate he will absorb all the property. A Dr. Pohl of Portland, who knew her in Alaska, is interested in the matter, and I have talked with him. He says that Lane of San Francisco has desired to become possessed of one of the claims of Mrs. Carscaden; that she was offered \$50,000 for it and declined to sell; and Dr. Pohl believes that there is a scheme to rob this woman of her property. She has a husband, who is said to be in Nevada, and who is not of much account. She also has a 16 year old son supposed to be in Alaska, but the woman does not know of his whereabouts.

She appears to be a very excitable woman, and I would not be disposed to take much stock in what she says, unless it can be backed up by the records. If this can be done, it would certainly seem to me that something should be done to preserve her property and

not let it be frittered away.

I shall be glad to hear of any information you can learn at concerning the matter, and to follow up this end of the line any suggestions that you can make.

Thank you for taking an interest in this case.

My dear Mrs. Brown,

Your communication of the 26th received but Governor Brady is not here and will not be for about ten days.

Your first communication came just as he was leaving and in looking it over hurriedly we thought you understood that it was his duty to recommend pardons as by his explanation which I forwarded to you.

Now, as he is not here and time counts will you not get it signed at once and return again to him on the next "Georgia" then as soon as he returns he could act on the petition and write a letter of recommendation for clemency which would be of more influence than a simple signature and which I believe is what is expected by the Department as pardons are received through this office and such requests have been sent heretofore.

I am sorry that it can not be attended to at once but by immediately getting your signatures not much time will be lost and then it can be forwarded to your brother.

Hoping that this will aid you, I am, with sympathy,

Sir:-

Replying to your favor of the 23rd ultimo noting exceptions in my cash account for the 2d quarter, 1905 concerning the payment under vouchers 14 and 15.

A similar delinquency in the receipt of vouchers from some of the interior towns had occurred the previous year and on September 1, 1903 I addressed the following to the Hon. Commissioner of Indian Affairs:

" There are several policemen of the interior whose vouchers were not received before the close of the fiscal year and I desire to know if it is correct for me to make those payments during the present quarter. "

The following reply dated September 23, 1903 (Accounts 59770

-1903) was received:

" In reply to your inquiry of 1st instant, you are advised that there is no objection to your making payment during the present or next quarter to the Indian police who failed to receive their salaries for the 4th quarter, 1903, before the close of the fiscal year, provided you have funds in your hands applicable for the purpose. If you have not the funds on hand it will be proper for you to estimate for them and make payments after they are received. The vouchers should contain an explanatory statement of the reason why payment was not made at the close of the quarter in which the services were performed.

The vouchers were received after the close of the fiscal year 1904 and the funds for payment did not get here until in October hence, it was impossible to make the payment before September

I would respectfully request that the payment be ad-
 justed and that I be credited with the amount of the suspension.

Very respectfully yours,

Since returning from St. Louis and Washington I have made two cruises one to the north and one to the south in the interest of the Lewis and Clark Centennial Exposition, I am exceedingly anxious that Alaska have a good exhibit at that fair.

If there is any way in which you can help her along I am sure that you will do so. It is pleasant to us to know that you have a feeling of interest in the affairs of our section.

Gentl

When your letter came to this office I was on my way here from St. Louis.

Since my return to Alaska, I have been traveling almost constantly in the interest of the Louis and Clark Centennial Exposition. Your letter has just been brought to my attention.

I feel unable to give you the information requested with any definiteness. I may state to you that

I was at Seward and the engineer Col. Sereno was kind enough

to take me over as much of the Alaska Central Railroad

as had been built which was about eleven miles. Considerable more

work had been done. He told me that the work of construction had begun in the previous March and had been rushed during the summer.

I was greatly surprised at what had been accomplished.

I am not able to state now just what wages are paid the different classes of laborers. I think I was told they had at that time

about two hundred men employed. That is about all I can say

regarding the matter.
