Dear Sir:

In reply to your wire of August 30th I wish to state that we have shipped today by Pacific Coast Steamship Co.- 22- #102 D Covers for the 15 Box.

Your wire of the 28th to forward annunciators without finish; I wish to say that it was impossible for us to order these annunciators until such time as we had something of a definite nature as to the finish of the wood work on the same. On receipt of your wire we ordered the factory to make up and ship the annunciator with all possible haste, as you can readily see that we could not place the order with the factory owing to the question of the finish. However, you can rest assured they will come on just as fast as it is possible to get same.

Trusting you will find this satisfactory, I am

Mr. W. N. Collier,
Supt. of Const. U. S. Public Bldgs.,
Executive Mansion,
Juneau, Alaska.

Dear Sir:

We are pleased to acknowledge receipt of your favor of the 24th inst requesting that we ship 13½ tons Peerless Wood Fibre plaster and 10 tons Sand Float Finish for use in the construction of the Executive Mansion at Juneau. The total value of this order is, as you state, \$272.00, however this does not include the value of the sacks which we are obliged to charge for at 10¢ each, but will credit at the same price when returned to us. Our invoice will read for \$319.00 instead of \$272.00. We regret that we did not mention the question of charging for sacks in our proposal of August 10th, however we believe that you understand that it is customary to quote net prices and that sacks are always charged for extra.

If this arrangement is satisfactory, kindly wire us and we can make the shipment so that it will arrive at Juneau on or before September 15th.

Yours truly,

PIONEER PLASTER CO.

It is mutually agreed and understood between the United States and carriers who are parties to this bill of lading that—

1. Prepayment of freight charges will in no case be demanded by carriers. Upon surrender of this bill of lading duly accomplished payment will be made to the last carrier, except where otherwise specifically stipulated.

2. For railway transportation this bill of lading is subject to all the conditions of the uniform or standard bills of lading, and for express shipments to all the conditions contained in the standard form of receipt issued by express companies, except as otherwise specifically provided hereon.

3. Shipments made upon this bill of lading shall take the rates provided for shipments made upon the uniform or standard bills of lading or standard receipts.

4. No charge shall be made by any carrier for the execution and presentation of bills of lading in manner and form as provided by the instructions hereon.

5. The shipment is at "owner's risk," or released rates, where the tariff provides lower rates on that account, and at "company's risk" where the tariff makes no such provision.

INSTRUCTIONS.

1. Government property will be transported on the prescribed form of *Government Bill of Lading*, which will be identified by serial numbers.

8. Only one copy of a bill of lading will be issued for a single shipment. This bill, when receipted by the agent of the receiving carrier, will be returned to the consignor, and by him mailed to the consignee. The bill, upon receipt of the shipment, accomplish and surrender the bill to the last carrier. This bill then becomes the evidence upon which settlement for the service will be made. Memorandum copies may be used at the discretion of administrative officers. Shipping orders shall be invariably furnished the initial carrier.

9. In no case will a second bill of lading be issued for any shipment, nor will a bill of lading be issued after the transportation has been performed.

10. In the absence of the consignee, or on his failure to receipt, the person receipting will certify that he is duly authorized to do so, receipting such authority.

11. In case the bill of lading has been lost or destroyed, the shipping officer will issue a certificate upon the application of either the carrier, the consignee, or the proper officer of the Department, bureau, or office making the shipment. This certificate will be forwarded to the consignee, who will endorse thereon his certificate as to the receipt of the property and its condition. This certificate shall then become the substitute for the bill of lading, and payment may be made thereon. Record should be made of the loss of the bill of lading and of the issue of a certificate. The shipping officer will not give his certificate until he has satisfied himself, by correspondence with the consignee and the proper officer of the Department, bureau, or office controlling the shipment, that the bill of lading is not in their possession. He will also require proper evidence of the carrier that the bill of lading is not in

BLOG. JUNEAU EX. MAN.
LETTER OF AUGUST 26, 1912.

CHIEF OF
SUPERINTENDENT
BUILDINGS
OFFICE BUILDING

TREASURY DEPARTMENT

FIELD FORCE

OFFICE OF SUPERVISING ARCHITECT

SAN FRANCISCO, CAL. , August 31, 1912.

Dear Mr. Collier:-

I expect to leave San Francisco on the 2nd for an inspection trip to Missoula, Montana, Lewiston, Idaho, La Grange, Oregon, Walla Walla, Olympia and Bellingham, Wash., and Juneau, Alaska.

At the present writing I am not able to state exactly when I will start from Seattle for Juneau, but will wire you the course of the next 10 or 12 days.

I am given to understand that in connection with your assignment at Juneau, you have authority to make visits, as may be required, to Seattle, and it is the desire of the Office that you be in Juneau when I arrive there so that it will be necessary for me to advise you as nearly as I can, by wire, the date of my visit, so as to avoid your being absent from Juneau at that time.

I trust you are having a good time up there and everything is going well with you.

Sincerely yours,

W. N. Collier,
Superintendent of Construction,
Executive Mansion,
Juneau, Alaska.

Mr. W. N. Collier, Supt.,
Juneau, Alaska.

Dear Sir:-

We received the enclosed letter dated August 26th from the Treasury Department, Washington, and the list of plaster models to be used on the Juneau executive mansion. There is to be a wood and composition seal of Alaska and if you want me to make arrangements to purchase this at Seattle or have same made, I will be glad to furnish the Government with the shipping instructions as requested in their letter of Aug. 26th. This seal appears on the plans but nothing said in the specifications that I can find regarding same.

Your early advice with the return of these two attached papers will greatly oblige,

Yours very truly,

SEATTLE, WASH.

Sept. 5, 1912.

Mr. W. N. Collier,
Supt. of Construction,
Juneau, Alaska.

Dear Sir:

If you remember a conversation you had with the writer pertaining to the order on wire etc., I wish to state that I have not as yet ordered that lead incased wire, which will probably take ten days to two weeks to get same here from San Francisco, so please advise on receipt of this letter if there is any additional length required, as you stated it might be possible that you would need a few feet more, so I thought I would again call your attention to this wire question so that you would not be bothered with any scraps or splices to be made in short lengths.

Trusting that you will give this matter your early attention, and oblige

Dear Sir:

In reply to your wire of September 4th I beg to state we shipped No. 15 box covers on August 30th. We are this day shipping you 15 No. 170 switch boxes that can be used for push buttons and annunciator outlet boxes. One of these boxes setting in an upright position for the single push buttons and in a horizontal position for the gang buttons, I think you will find will work out very nicely, and also for the annunciator one of those boxes may be set at about what would be the top of the annunciator which is generally the entrance point to the annunciator and in that way the wires can be attached to their respective stations.

Trusting you will find this satisfactory, I am

CHRIST KUPPLER
CONTRACTOR AND BUILDER

SEATTLE, WASH., Sept. 9-1912. 191__

Mr. W. N. Collier, Superintendent,
Juneau, Alaska.

Dear Sir:-

We thank you for your letter of August 30th which has reference to Mr. Harman taking an outside contract for erecting a dwelling near the Governor's house, and in response are enclosing copy of letter to Mr. Harman from the National Surety Co., the original of which I am forwarding direct to Mr. Harman, and am also enclosing copy of letter which we are writing Mr. Harman today.

Governor Clark reached Seattle on Friday, the 6th, and in talking with him Saturday afternoon he informed the writer that he had left Juneau about 30 days ago. He stands ready to co-operate with you and ourselves in avoiding any delays in materials being shipped to Juneau. You will see by our letter to Mr. Harman that it is our desire to complete the building on schedule time and within the limit cost.

Mr. Christ Kuppler will very likely leave for Juneau within the next 30 days.

Again thanking you for your esteemed letter of the 30th ult. we are, with very best wishes,

Yours very truly,

WRK/BS

Christ Kuppler
Christ Kuppler
Morey

Mr. W. N. Collier

Mr. Harman,

Juneau, Alaska.

Sept. 9-1912.

Mr. A. L. Harman, Supt.,

Juneau, Alaska.

Dear Mr. Harman:-

In one or two of your letters you have stated that there will perhaps be some delay in account of materials not reaching you in sufficient time and not enabling you to proceed with the work on the executive mansion. We trust you will advise Mr. Collier in advance of anything that you want in the way of materials so that there will not be any great delay, and we feel sure that Mr. Collier will co-operate with you in seeing that everything gets to Juneau at the earliest possible date. We have advised Mr. Collier that we will attend to shipments from Seattle on anything that we learn of, as in the past we have avoided several delays.

We are pleased to note in your last letter of Sept. 2nd that you intend to complete the work Dec. 1st. It is absolutely essential that the building be done at that date under penalty, and we trust you will use every effort to comply with our request.

Your payroll No. 6 was received but the payroll previous to this amounting to something over \$1800.00 has not arrived.

We are enclosing herewith letter from the National Surety Co. written direct to you, and as we have had no information direct from you that you had another contract in hand, we would be pleased to hear from you by return mail with a full explanation as to how things are managed.

Mrs. Harman informs me that in the last letter received from you you said you were not feeling very well. We are very sorry to learn of this condition and hope you will be in fine shape by the time this letter reaches you.

It is our wish that everything go as smoothly as possible at Juneau and in the event that the limit cost is exceeded on the executive mansion, of course the Department at Washington would be informed that our foreman took outside work. We are sending a copy of this letter to you to Mr. Collier, as well as a copy of the letter received from the National Surety Co., as we wish Mr. Collier to be entirely posted on this matter. With best wishes from us all and from Mrs. Harman, and awaiting your early reports, we are

NATIONAL SURETY COMPANY

Seattle, Sept. 9-1912.

Mr. A. L. Harman,

Juneau, Alaska.

Dear Sir:-

We are advised that you have taken a contract at Juneau in your own name. There is some question as to whether or not this private contract of yours is interfering with your supervision of the executive mansion. As you are aware, we are surety on your bond in favor of Mr. Kuppler covering your good self as Superintendent in charge, for construction of the mansion at Juneau, and we will suggest that you give all of your time to the construction of the mansion, so that the same will be completed at the fixed time, to-wit: December 1, 1912. We are also advised that it is not at all certain that you are going to complete the contract on schedule time or for the cost stated. As you are aware, you have an arrangement with Mr. Kuppler covering your supervision of this contract, and to conform absolutely with same, you must give your entire time to Mr. Kuppler's contract, and properly complete the same in the time and at the cost specified in the contract between Mr. Kuppler and the Government.

Trusting you will co-operate with everybody concerned, I remain

Yours very truly,

Edw. P. Welch,

Assistant Manager.
