Dear Sir:

Your letter of the 30th ultimo, addressed to the Governor, has been received during his absence as an extended trip through the interior of the Territory. He is now on his way from Nome to Seattle, where he should arrive about the 8th instant. He will remain in your city for a week or more, stopping at the Hotel Frye.

In response to your inquiry relative to the 1918 session laws of this Territory, you are advised that the same may be obtained on application to Honorable William L. Distin, Secretary of Alaska, at Juneau. The laws are bound in one volume, the price of which is $4.00, which should be in the form of a postal money order payable to the "Secretary of Alaska." I believe the regulations will not permit their being shipped C. O. D.

Dear Sirs:

I write to acknowledge the receipt of your letter of the 30th ultimo, addressed to the Governor, in which you state that you have been informed that the Government of Alaska is looking for an Hibernian Eagle, and that you are in a position to give very valuable information on the subject. At the present time this office has no information relative to the matter, but a copy of your letter is being sent to each of the four United States Attorneys in this territory, some one of them may have knowledge of the case.

Dear Sir:

The receipt is acknowledged of the communication of August 30th addressed to the Department of Public Health, Juneau, Alaska, and signed by yourself and 36 other persons at Ketchikan, in which complaint is made that a chicken yard and coop situated on a hill directly above a hot spring is a source of pollution to the waters of the spring and a menace to the health of residents and visitors at Ketchikan. I enclose herewith a copy of Chapter 31 of the 1935 session laws of Alaska, which would seem to cover the case in question.

The Governor, who is the Territorial Commissioner of Health, is at present outside from time to Ketchikan and will not return to Juneau until about the 20th instant. The acting Governor asks that I call you the way of the law not raise the suggestion that you show the same to the person maintaining the chicken yard, believing that if this is done he will see that steps are taken to discontinue the pollution of the waters of the spring without any public hearing necessary on the part of the Territorial Commissioner of Health.

Since the communication addressed to this office by yourself and fellow petitioners does not give the name of the person maintaining

[redacted] the diligent manner in the public health of Sonora it is of course impossible at this time for this office to communicate with such person on the subject.

[redacted] respectfully yours,

[redacted] Secretary to the Governor.

Sept 8, 1913.

Sir:

As you are no doubt aware, Chapter 10 of the 1913 session laws of Alaska contains an amendment to the Civil Code of Alaska (Compiled Laws of Alaska, Sec. 888), which requires a notary public "To endorse under his official signature the date of the expiration of his commission". Section 366 of the Compiled Laws of Alaska in prescribing the duties and powers of United States Commissioners in the Territory provides, among other things, that "The Commissioners shall also have the powers of notaries public, * * *."

This office is in receipt of a notarial bond executed before a United States Commissioner, who designates himself as "U. S. Commissioner and ex-officio Notary Public in and for the Territory of Alaska". The question arises as to whether or not, under Chapter 10 of the 1913 session laws, this officer when acting as a notary public should have noted on the document referred to the date of expiration of his commission as United States Commissioner.

It will be appreciated if you will kindly give this office the benefit of your views on the subject at your convenience.

Respectfully yours,

Secretary to the Governor.

Dear Sir:

I write to acknowledge the receipt of your letter of the 1st instant addressed to the Governor in which you state that you have not sent in any monthly reports for the reason that blanks therefor have not been furnish you by this office. Pending the preparation of blanks, which the Governor has not had time to prepare, I suggest that you submit an informal report of your work at the end of each month, which will probably answer the purpose until such time as regular blanks can be furnished you.

I wish to thank you for your explanation in regard to the recent quarantine of a shipment of horses at Cordova and am sure that the Governor will be glad to have this added information.

Honorable J. F. A. Strong.
Governor of Alaska.
Seattle, Washington.

My dear Governor Strong:

I enclose herewith letter of the 30th ultimo addressed to you by George Hough Perry, Director of the Division of Exploitation, Panama-Pacific International Exposition. With this letter I am sending letter from President Charles H. Keyes under date of August 4th, with copy of my acknowledgment thereof; also letter of July 31st from James A. Barr, Chief of the Department of Education, with other papers which accompanied the same and a copy of my acknowledgment thereof.

It occurs to me that the question of an Alaskan exhibit at the exposition may possibly arise while you are in Seattle and I am, therefore, sending you this correspondence so that you may have everything on the subject that has reached this office up to date. The time is certainly very short in which to collect a creditable exhibit for Alaska and if, as Mr. Perry suggests, a portion of the appropriation made by Congress for a government exhibit can be set aside for Alaska, it would no doubt result in the saving of much time, and it occurs to me that you might wish to take the matter up at once with the commission appointed by the President.

--Honorable J. F. A. Strong, Del--

I have not acknowledged the receipt of Mr. Perry's letter.

Faithfully yours.

My dear Sir:

I transmit herewith for appropriate attention of your office letter from Thomas S. You will note Mr. Scott states that Mrs. Darby desires her commission to become effective January 1st, 1916.

The bond above referred to seems to be regular in form except that the day of the month on which the bond was executed does not appear in the body of the bond, and the Deputy Clerk of the Court has not attached his seal to the oath of office executed by Mrs. Darby.

Mr. John H. Brumley,

United States Commissioner,

Kenai, Alaska.

Dear Sir:

I write to acknowledge the receipt of your letter of the 16th ultimo, addressed to the Governor, in which you request to be supplied with copies of the acts passed by the 1929 session of the Alaska Legislature, and stating that you are particularly interested in the act relating to Juvenile Courts. In reply I beg to advise that our supply of complete sets of advance sheets of the laws has been exhausted, but we have a number of bodies sets on hand, and from one of these I am sending you a copies which contains, among other things, Chapter 82 -- the act establishing Juvenile Courts and prescribing regulations for the care of dependent children, et cetera.

The session laws are now being bound in one volume, which will be sold to the general public at $4.00 per copy. The Secretary of the Territory, at Juneau, has charge of the distribution of the laws as well as the Senate and House journals. The act of the Legislature which provides for the printing and distribution of the laws, designates certain officials to whom copies of the laws in bound form shall be supplied free of charge. The United States Commissioners, however, are not included in the list of officers thus supplied.

Persons desiring to obtain a copy of the session laws should write to the Secretary of the Territory and enclose $2.00 in the form of a postal money order payable to him.

Respectfully yours,

Secretary to the Governor.

Dear Sir:

I write to acknowledge the receipt of your letter of the 2nd instant, addressed to the Governor, in which you refer to a magazine advertisement to the effect that the government desires men to come to Alaska to engage in the raising of silver foxes. In reply I beg to say that while a number of people are at the present time engaged in fox farming in this Territory and the industry is increasing to some extent, I do not think that the government is giving any special encouragement to the industry beyond leasing to responsible parties certain islands, which have been set apart for this purpose. This matter is in charge of the Secretary of the Department of Commerce, Washington, D. C., and if you care to pursue the matter further, I would suggest that you address a letter to him.

I would again request that you kindly advise us what date the Home was actually opened for the admission of persons entitled to its benefits. It is very probable that the Governor will wish to mention the Home in his forthcoming annual report and will very likely wish to mention the date on which the Home opened.

Dear Sir:

I have your letter of the 20th ultimo in which you request me to send you copies of the blanks used in this office in connection with our Juvenile Court Law. While we have such a law, which was enacted by the 1913 session of the Territorial Legislature, no attempt has yet been made to prepare blanks for use in connection therewith. The fact of the matter is there will be probably very few cases requiring the execution of the Juvenile Courts, or the boards of Children's Guardians which may be provided for. We doubt you will obtain blanks from other states having kindred laws; upon study. However, when our blanks are prepared I shall be glad to send you copies of the same.

The receipt is acknowledged of a letter of the 31st ultimo signed by yourself and numerous other persons in which you call attention to the extremely dangerous condition of the Klondike River and urge that steps be taken to insure greater safety to persons fording the same at Klondike River Crossing. Inasmuch as the Governor has no authority in connection with such and similar work in the Territory, it is probable that the only action he can take in the premises is to refer the communication of yourself and fellow petitioners to the Alaska Road Commission with such recommendations as he may think necessary and proper. The communication will be brought to the Governor's attention immediately upon his return to Juneau about the 25th instant.

Gentlemen:

Replying to your recent inquiry I beg to advise that at the present time there are no laws in this territory particularly relating to automobiles. Persons doing in automobiles, motorcycles, or others, are required under the general laws of the territory to take out a "peronlle automobile license" the annual fee for which ranges from $10.00 for a person doing a business up to $5,000, to $200.00 for a person doing a business of $100,000 or more per annum.

Owners of automobiles are of course subject to a municipal personal property tax therefor. The tax or license law above referred to is contained in 25 Stats. L., 222, or may be found in the Compiled Laws of Alaska, 1913, Section 2222.

The United States Commissioner,

White River, Alaska.

Dear Sir:

This office has received through the Department of the Interior a letter from Mr. O. L. Ingalls of Saint Louis, Missouri, enclosing clipping from a Saint Louis paper of a dispatch from Depew, Washington, under date of August 20th containing the information that a message received from Ketchum states that O. L. Ingalls, 30 years of age and formerly employed on the river steamer Yukon, operating out of Skiboshna, was drowned August 20th in the Chisholm River on his way to the Chisana. The dispatch further states that the body was recovered and buried in Chisholmian Village.

The writer of the letter above referred to states that he had a brother in Alaska named Ovell Francis Ingalls, age 30, and he is of the opinion that the man referred to in the foregoing dispatches as being drowned in the Chisholmian River was his brother. Full particulars are desired as to the circumstances surrounding the death, disposition of the body and personal effects of deceased. Inquiry is also made as to the possibility of having the body shipped to the states, and it will be appreciated if you will kindly advise as nearly as you can, the probable expense incident to the proper-

[illegible] tion of the body for disposal and transportation from point of burial to Dublin.

The United States Commissioner,

Copper Center, Alaska.

Dear Sir:

This office has received through the Department of the Interior a letter from Mr. O. L. Ingram of Saint Louis, Missouri, enclosing clipping from a Saint Louis paper of a dispatch from Tacoma, Washington, under date of August 25th containing the information that a message received from Cordova stated that O. P. Ingram, 20 years of age and formerly employed on the river steamer Tana, operating out of Fairbanks, was drowned August 10th in the Chistochina River on his way to the Chitena. The dispatch further states that the body was recovered and buried in Chistochina Village.

The writer of the letter above referred to states that he had a brother in Alaska named Cecil Francis Ingram, age 26, and he is of the opinion that the man referred to in the Cordova dispatches as being drowned in the Chistochina River was his brother. Full particulars are desired as to the circumstances concerning the death, disposition of the body and personal effects, et cetera. Inquiry is also made as to the possibility of having the body shipped to the States, and it will be appreciated if you will kindly advise, as nearly as you can, the probable expense incident to the proper-

In the absence of the Governor I have the honor to acknowledge the receipt of your letter of the 4th instant forwarding correspondence with Senator Stone regarding the identification of a man reported to be drowned in the Chickaloon River on August 10th last. This office is taking steps to obtain information relative to the case in question and has written to Mr. Lyman informing him as to what is being done in an effort to obtain definite information.

Respectfully yours,

Secretary to the Governor.

Dear Sir:

This office has received by reference from the office of the Secretary of the Interior, Washington, D. C., your letter of August 20th and newspaper clipping therein referred to and other correspondence on the subject.

Letters are today being addressed to the United States Marshal at Fairbanks, Alaska, and also to the Deputy United States Marshal at Cordova, Alaska, the point from which the report of the drowning was made. These officers have been requested to furnish this office with any information which may be in their possession and as soon as the same has been received, it will be promptly communicated to you. A search has been made of various Alaska newspapers, but as yet we have not found any reference to the case in any of them. Letters are also being addressed to the United States Commissioners at Copper Center and White River, these officers being located nearest to the scene of the accident.

As to the possible shipment of the body to the states, I beg to say that it would be necessary to have the body placed in a metallic casket and to have a certificate of a physician or some other

[redacted] forces duly authorized to certify as to the cause of death. It is impossible at this time to advise what the cost of transportation would be. The officers who have been commissioned with have been requested to inform this office as nearly as they can as to the transportation charges and more definite information can be made to given to you as the subject after their letters have been received.

Respectfully yours,

Sitka, Alaska.

Sirs:

I beg to enclose herewith copy of a telegram received this date from United States Attorney George B. Walker of Valdez relative to the admission of Olof Hoge to the Home, together with copy of my reply thereto. This for your information.

The files of this office contain a letter from Mr. Walker under date of July 8 last inquiring what steps should be taken in order to place a person in the Home at Sitka, from which letter I quote the following paragraph:

> "I have in mind an aged prospector named Olof Hoge, who has been confined in the jail at Rotherby, Alaska, during the past two months as a vagrant for the simple reason that no other provision could be made for his support. Mr. Hoge is partly paralyzed and is, I believe, eligible for the Home for destitute at Sitka."

Since Mr. Walker's telegram contains the positive statement that Mr. Hoge is eligible, I take it that he has satisfied himself on this point since his letter of July 8th was written.

Several of the school reports for the year 1912-13 have not yet reached this office and it is, therefore, impossible at this time to furnish you with data relative to the attendance, number of teachers, et cetera. As soon as all of the information is at hand, I shall be pleased to prepare and send to you a statement embodying, as nearly as can be done, the information which you desire. The only schools which we have in this Territory at the present time are those teaching the regular grammar and high school courses.

For information relative to schools for natives in this Territory, you are referred to the Commissioner of Education, Department of the Interior, Washington, D. C. These schools number approximately one hundred.

It is with pleasure that I acknowledge the receipt of one copy of the 1913 session laws, transmitted to me with your letter of the 10th instant. Thereby a day grows that I do not have occasion to refer to the laws in answering inquiries which reach this office, and it will certainly be a great convenience, as well as a saving of time, to have a copy of the laws on my desk at all times.

Again thanking you for your courtesy, which is greatly appreciated, I am,

Faithfully yours,

Sept. 18, 1915.

Mrs. Isabel Miller Ellis,

My dear Mrs. Ellis:

I have your letter of the 30th ultimo in which you request copies of the laws enacted by the First Territorial Legislature and any other useful information which may be at my disposal. I regret that I am unable to furnish you with a copy of the Territorial laws, but the act which regulates the printing and distribution of these laws provides for free distribution to certain Government and Territorial officials only, and prescribes that the laws in bound form shall be sold to the general public at actual cost. The Secretary of the Territory, at Juneau, has charge of the distribution and sale of the laws and he informs me that the bound volume, containing the laws, memorials and resolutions of the 1913 session, costs $6.00.

I do not know what other information would be of service to you and it is for, we have very few documents or publications for general distribution. However, if you will kindly indicate what you would like to have, I shall do my best to see that you are supplied with the same.

I am not surprised that you have located a little nearer to civilization than you were last year. I have often wondered whether your subject of Fairbanks would be as pleasant as you anticipated.

With kind regards, I am,

Faithfully yours,

Secretary to the Governor.

Honorable J. R. Ville,
Collector of Customs,
Juneau.

Dear Sir:

Chapter 32 of the session laws of the Territory of Alaska, 1913, entitled "An Act to establish a system of taxation, create revenue, and provide for the collection thereof for the Territory of Alaska, and for other purposes", provides under the head of "Transportation", as follows:

> "On every ton of freight shipped into or from the Territory of Alaska by any transportation company or steamship line, for which payable through the customs house at time of entry to be paid into the Territorial Treasury, ten cents per ton, except coal, shipments of cattle, hides, hops, sheep, or other exceptions used in the shipment of liquids."

I confess to entertaining grave doubt as to the validity of the tax levied under the provisions of the paragraph quoted and before directing the Territorial Treasurer to proceed with the collection of the tax levied thereunder, I would like to suggest, should it meet your approbation, that you write to the Secretary of the Treasury, asking for an opinion thereon. It is unwise for us to enter upon a discussion of this paragraph and I will not do so, but I will advise it a favor if you will kindly inform me as

Dear Bob:

Your letter of September 8th was received by me upon my arrival in Seattle and I was sorry that I could not see you after a lapse of many years. With reference to your request that I endorse you for a position under United States Marshal Brownson, I have to say that I would gladly do so, but I have made it a rule since my inauguration into office not to give anyone a specific endorsement for any position. I shall write Mr. Brownson, however, generally as to your ability, et cetera.

Dear Madam:

I write to acknowledge the receipt of your letter of September 11th in which you make inquiries concerning your mother, formerly Mrs. August Jacobsen, of Norway, and whom you say you believe to be in Alaska, if living. I have never met anyone in this country, who answers to your description of your mother. In 1897-98 there was a woman known as "Hungry Belle" in Skagway, Alaska, but I am satisfied that she was not your mother, being a much younger woman than you say your mother now is, if living.

However, I shall make inquiries to be sure the your mother is one of the Alaska pioneers and this may enable you to get some information concerning her. If successful, I shall immediately inform you of the result.

Dear Sir:

I write to acknowledge the receipt of your letter of June 10th in which you ask for some information about the country and the life and the prospects for a doctor of medicine here. Absence from the capital for some time has prevented me from replying to your communication until now.

This being a comparatively new country, it is somewhat difficult for one to adequately portray the life and prospects for a doctor of medicine in Alaska, because much would depend upon the doctor himself. There are physicians in all the Alaskan towns, many of them as skilful practitioners as can be found anywhere. Most of them, I take it, are fairly successful in their profession. I do not know, however, of any present opening for a doctor in any of the towns of Alaska, although there may be a number. This is a matter that I should think would require the personal investigation of the physician, who contemplates settling in this country.

Respectfully yours,

My dear Judge:

I found your letter of August 19th awaiting me here upon my return two days' ago, for which I thank you. I may state that Mrs. Brummett's case is a meritorious one, and I shall be do everything within my power to furnish her the relief, which she and her family unquestionably need. I have already hired Judge Brown, at Nenana, asking him if he cannot make an appropriation from the Alaska Fund, ten per cent. of which was set aside for the relief of indigents under an act of Congress, approved March 3rd last.

As yet I have had no reply from Judge Brown, but I trust it will be favorable. At the present time there is no money available in the Territorial Treasury for this purpose, but I believe there will be within a short time, and then I shall endeavor to see that an appropriation is made from it for the relief of Mrs. Brummett and family.

With best wishes for your continued good health, I am,

Sincerely yours,

Governor.

Hon. William A. Smith,

Juneau, Alaska.
Dear Mr. Smith,

My dear Sir:

I have just returned to Juneau after a two months' trip in the interior country and this district and upon my arrival here I found several letters from you, one in which you enclosed copy of a letter received from Mr. John R. Smith, R. O., relative to charges that were preferred against you, at Washington, in connection with your candidacy for United States Marshal for the third division. Of course, I need not say to you that I do not believe that these charges hit my foundation in fact, and I cannot but express my contempt for the people who inspired them. However, it is too late now to do you any good in this line, but if you still think it advisable that I write to Mr. Hull and the Attorney General expressing my disbelief in these charges, I shall cheerfully do so.

With reference to your securing a position as deputy marshal at Nulato, or elsewhere in the third division, I may say that while I do not feel like recommending any one for any position to Mr. Brownson, I shall write him and ask him to give your application such consideration as he may deem advisable in the premises. This is as strong as I feel I should go at this time.

My dear Judge:

I beg to acknowledge the receipt of your letter of September 20th relative to the office of attorney general for Alaska when it shall have been created, and to which you state that you will be a candidate for the position, which fact I shall bear in mind, should it come within my official province.

On yesterday I wrote you in reply to your letter of August 7th on behalf of Mrs. Bennett and family, when you state are in need of financial relief. Since writing you I received the following telegram from Judge Brown of the District Court for your judicial division:

> "She will accept gratitude from the Indigent Fund for the quarter ending September 30th but have exhausted. Will provide Territory family from the first available funds in the new quarter."

This will not provide any means for Mrs. Bennett's relief until probably two months hence, or probably longer, but she may confidently rely upon receiving some assistance from this source.

I shall, however, act as speedily as possible take up the matter of securing her an appropriation from the Territorial Fund, though it may not be brought as early as desired. With you kindly

I am anxious that the business interests of your great city be brought in closer touch with Alaska. I am not unmindful of the fact that your people have often shown a kindly interest in this great northern Territory and have at all times, so far as possible, aided us in the work of securing recognition by Congress and in the development of the Territory.

Through you I wish to thank my good friends, Mr. Hugh C. Wallace and Mr. W. H. Hunt, for joining so cordially in your invitation to me to visit Tacoma. My dear Mrs:

I beg to acknowledge the receipt of your letter of September 19th. I have carefully noted its contents and shall give them due consideration. I perhaps need scarcely say that I have a somewhat complete knowledge of the influences at work and which you have pointed out in your letter. I do not believe, however, that any combinations can be brought about to defeat the building of railroads in Alaska, as outlined by President Wilson and Secretary of the Interior Lane. I might say that I am heartily in favor of the building of roads and trails throughout Alaska and I believe the time has come when Congress should make a substantial appropriation for such work. I shall carefully keep in mind the points made in your letter for future use and reference.

With best wishes, I am,

Sincerely yours,

I have had many requests from men in the Third Judicial division for recommendations for appointment as deputy United States Marshals, but I have made no specific recommendations. Any that I have made are merely general, as in this case, as I believe that Mr. Stevens should be given a free hand in the selection of the men who are to serve under him. I do not consider that Mr. Stevens is in any way under obligations to me for his appointment. Nevertheless, I am desirous that the administration of his office shall be a success in every way and in order that it shall be, he should be permitted to exercise his own judgment in the selection of his deputies.

Dear Sir:

I beg to acknowledge the receipt of your letter and enclosure from William Ziptain, who asks for admission to the Pioneers' Home at Sitka. You do not state how long Mr. Ziptain has been out of the Territory and I do not know whether he would be eligible for admission to the home due to the fact that he may have lost his residence in Alaska.

I also note that he is and has been a helpless cripple for four years. This is a sad case indeed, but the Pioneers' Home at Sitka, is in no sense a hospital and is for the use of those who are physically unable to earn a livelihood for themselves, but who are still able to care for themselves in the main.

If you will furnish me with some further information concerning Mr. Ziptain, I shall take the same up with the Superintendent of the Home, at Sitka, and see what can be done in the matter.

My F. B. Instructor,

United States Marshal,

Valdez, Alaska.

My dear Instructor:

I am furnishing you herewith the names of a number of men who have, either personally or otherwise, made applications to me for endorsements for position as deputy United States Marshals in your division. Some of them I have not seen & know of. I am making no recommendations, however, and shall not do so, believing that the United States Marshal should have full rein in choosing the men who shall serve under him. The list includes:

William B. Hunt of Cordova, who was a candidate for United States Marshal, as you may know, and who, so far as I know, is all right.

Herbert Spencer, whom I have known for years and who is now located at Cordova.

A. C. Dowling and Frank Lane of Valdez, whom you doubtless know, Mr. Dowling having also been a candidate for United States Marshal for your division.

R. E. Hopkins, of Cordova, in another application which I have also known for a number of years.

Another on the list is James Wren, our Deputy Marshal at Nome. Mr. Wren has held office under four United States Marshals in Alaska and is, no doubt, a capable man in every way, and possibly this is true of all of them, but, as I have stated above, it is for you to make your own choice without dictation from any one. Trusting that the administration of your office will be a success, I am,

Sincerely yours,

Your letter of August 5th last in some manner was mislaid and I did not receive it while in Baltimore, but found it awaiting me here upon my return to the capital. With reference to your advertising for the purchase of foxes, I am of the opinion that you have no right to do so. Permits for the capture of live foxes for breeding purposes are issued to individuals and I, therefore, fail to see where it would be right and proper to advertise in the newspapers indiscriminately for their capture. It appears to me that it would be a distinct violation of not only the spirit, but the letter of the regulations governing the capture of live foxes for breeding purposes.

While I believe in encouraging fox farming in Alaska in every legitimate way, I believe foxes should be captured in a manner which will not destroy their harvest, or kill in the destruction of the little animals. I may also say that I am absolutely opposed to the shipping of live foxes from Alaska to the outside for breeding purposes. I believe, however, that the Legislature has taken this matter in hand and hereafter the shipment of foxes from Alaska to foreign countries will be prohibited.

Sir:

I enclose herewith form for acknowledgment of statement of disbursing account for the month of June, 1915, in connection with the appropriation for legislative expenses. The statement referred to covers the payment during June of checks issued in May last for the payment of various legislative salaries and expenses. The statement appears to be O. K. and I think you may safely sign the enclosed form, which should be forwarded to the Treasurer of the United States.

As soon as the Auditor advises final settlement of your accounts under this appropriation, I shall advise you as that you may arrange with the bonding company for a refund of unearned premium.

All of the funds for legislative expenses have been disbursed with the exception of a payment to the binders for binding of the laws, which will be made in a few days. As was to the appropriation, there is a deficit in this account, as will as in the account for stationery, printing of bills, et cetera. It is hoped, however, that Congress will be more liberal with the next session.

Gentlemen:

Enclosed herewith is a voucher covering three grate bars furnished by you in April last for the heating plant in the Executive Mansion at Juneau. It appears that in the Treasury Department's acceptance of your proposal, dated January 31st last, an error was made in specifying that the cost of the grate bars was chargeable to "Technical equipment for public buildings, 1938". The Supervising Architect's office advises that this claim should be paid from the appropriation chargeable with the upkeep of the Executive Mansion. If you will kindly have the enclosed voucher signed by an authorized representative of your company and returned to this office, a check will be sent in payment of the account.

In order that there may be no question raised by the Auditing Department as to our authority for paying this item out of our Contingent Expense Fund, I would request that you kindly send me a copy of your proposal for furnishing the grate bars in question and also the original notice of acceptance, dated January 31st last, and signed by the Executive Officer of the Treasury Department. These specifications where relative to the matter, which we have on file.
