Oct. 18, 1912.

Hon. Thos. Heffley,

Juno, Alaska.

My dear Tom:

In reply to my letter to the Attorney-General of September 9th last, a copy of which I forwarded to you, I have received a communication from him relative to the subject matter of my letter, and enclose herewith the Assistant Attorney General's reply so that you will be able to read it for yourself.

It appears to me from a reading of the letter that it will be necessary before I can make your appointment to have a case awaiting extradition. In that event you could be immediately appointed thereto. As you will note, the letter is not as clear as I could desire it. Nevertheless, it certainly gives me full authority to make any appointment or appointments that I may see fit to in extradition cases in Alaska. It also appears that I may name you at once, but I am not familiar with any of the outstanding cases that require investigation in the states having their origin in Alaska, and I am therefore somewhat at sea. The close of navigation also presents further difficulty. I do not know whether you are going out or not this fall, but if you should do so, you can rest assured that the appointment will be yours, and if I can make it at once upon your arrival, I will do so. If I cannot make it, you will have to

wait until such time as an extradition case arises. I do not know how to advise you as to this. You can read the letter for yourself and judge accordingly. In any event I want to hear from you for if you do not come outside, the appointment will be held in abeyance until some time next spring after the opening of navigation, or until such time as an extradition case will arise. I want you to use your best judgment in this matter and act accordingly.

The letter which I enclose was only received a few days ago and I am sending this so as to catch the Steamer Victoria from Seattle. The Attorney General failed to reply to my letter of September 9th by telegraph, as I requested, or I should have communicated with you before this.

With very best wishes and regards to your sister and her husband, in which Mrs. Strong joins. I am,

Very sincerely yours,

Governor.

My dear Sir:

I am in receipt of your telegram of October 13th reading as follows:

"Your influence my behalf for clerkship Second Division would be greatly appreciated."

I have this day forwarded a letter to Honorable John Randolph Tucker endorsing you for that position. I sincerely trust that you will be successful in seeking it.

I am enclosing herewith a copy of the letter forwarded by me to Judge Tucker.

Honorable John Ingraham Fowler,
United States District Judge,
Ex Board U. S. Victoria,
c/o Alaska Steamship Co.,
Seattle, Wash.

Dear Sir:

Permit me to welcome you to Alaska and to express the hope that your stay in this Territory will be pleasant and that at the end of your term you may desire to "grow up with the country". Going hither as a stranger, as you do, it is perhaps appropriate for me to say that I shall be glad to co-operate with you in any way for the public good and in the administration of the duties of your office.

Another matter to which I wish to direct your attention is the following: You will have a number of applications for the position of clerk of the court for the Second Judicial division, and so far as I know, all of the applicants are good men and good democrats. At this time I do not know, of course, your attitude as to the appointments you will make -- whether it is your intention to appoint a local man to the office of clerk of the court or not -- but I sincerely trust that it is. If so, I desire to recommend to your favorable consideration Mr. James P. Daly, who has been a resident of Nome for a good many years. Mr. Daly is a man of ability and strict integrity and you will find him loyal at

--Honorable John Randolph Tucker, pub--

all times and in every way worthy of your confidence. He is a sterling democrat and has always been a consistent worker for the party at all times and with a singleness of purpose. He should have been appointed United States Marshal at Juno, for which place he was a candidate, but the fortunes of politics decided otherwise, although he had the unanimous support of the Territorial democratic organization. If you can see your way clear to appoint Mr. Daly, it will have the effect of healing a breach now in the party in the Second Judicial division, and will be productive of good for the party in the Territory at large. It is our desire next year to elect a democratic delegate to Congress and we shall need to present a united front in order to accomplish that purpose.

I am addressing this letter to you in care of the Steamship Victoria of the Alaska Steamship Co., as I am informed you will sail on that steamer for Juno. I shall ask you to consider this communication as confidential, but you are at liberty, if you so wish, to show it to Mr. Daly.

With the renewed assurance of my consideration, I am,

Sincerely yours,

Governor.

Mr. A. B. Kinne,

Council, Alaska.

Dear Mr. Kinne:

In reply to your telegram of October 14th relative to your endorsement for the position of postmaster at Council, and to the endorsement of Mr. Adams for district attorney, I have to say that your endorsement for appointment as postmaster was forwarded to the Postmaster General immediately upon my arrival here by National Committeeman Clancy, and it is possible that by this time you have received official notice of your appointment.

In regard to Mr. Adams, you will have noticed that Mr. F. M. Burton, of Portland, Oregon, has been appointed to the position of United States District Attorney for the Second division. Personally I make no recommendations to the Department of Justice, my recommendation for Mr. Adams having been made through the National Committeeman. This I have done following a rule not to endorse anyone except upon request from the department through which the appointment is made.

I have, however, written the new District Attorney recommending Mr. Adams for appointment as assistant district attorney at Nome. While I am not altogether certain, I presume that Mr. Adams would accept this appointment if it were tendered him. I am enclosing herewith a copy of the letter which I have forwarded to Mr. Burton, and which you are at

—Mr. A. D. Kinne, pub—

liberty to show it to Mr. Kinne.

With best wishes, I am,

Very sincerely yours,

Lawrence.

My dear Sir:

The receipt is acknowledged this date of three complete sets of papers in connection with application for extradition of H. C. Sandahl, a fugitive from Alaska, now under arrest at Seattle, Wash. These papers were delivered in person by your deputy, Mr. McLean.

Enclosed herewith are two complete sets, with extradition warrants and the commission of Warren G. Harding attached. The third set is retained for the files of this office.

Faithfully yours,

Secretary to the Governor.

Hon Walter E. Clark,

Champlin, Conn.

My dear Governor Clark:

In the settlement of your accounts as disbursing agent of the appropriation for contingent expenses of this office for the fiscal year 1913, (Miscellaneous Certificate No. 8578, October 6, 1913) the Auditor has suspended a total of $2.19. For your information I enclose herewith a copy of the statement of differences.

With reference to the charges on the telegrams to and from Chitina the explanation is that the telegrams were sent over the Copper River and Northwestern Railway Company's telephone line from Cordova to Chitina and regular rates paid between these points. The messages were, of course, transmitted free of charge over the U.S. Cable Line between Chitina and Cordova.

With reference to the item of 42 cents suspended in the last rent payment made to Mrs. Hile for the period January 1 to 6, 1913, at $65.00 per month, we figured the amount due on the basis of a thirty day month--the same basis as is used in the payment of government salaries. It would seem, however, that in matters of this kind the actual number of days in the

W. H. C.-H.

month are used instead of the arbitrary basis of thirty days.

When you write to the Auditor will you please send a copy of your letter to me so that it may be filed with your account?

Faithfully yours,

Secretary to the Governor.

Have just received following message from Nome school board, quote: Unless financial embarrassment of city due to recent storm is relieved, will be necessary to close schools. Urgently request congressional assistance. No funds available to meet current bills. End quote. Will you do everything possible to aid Nome schools? Situation is undoubtedly urgent. Also have telegram from Nome, president Alaska Pioneers' society Nome declaring urgent necessity for government aid and saying destitution prevails and that any contrary advices are unfounded and untrue.

Hon. J. H. Hall,
United States Commissioner,
Nome, Alaska.

Dear Sir:

I wish to acknowledge the receipt of your letter of the 9th instant relative to the relief of helpless and destitute natives in your precinct. In reply I beg to state that there are no funds for such purpose at the disposal of this office. I also wish to say that I fully realize the importance of your statements. There are blind and destitute natives all over Alaska and in my opinion, it is the bounden duty of the Government to furnish them some support that they may not die of starvation and neglect. I have taken this matter up with the Government, but do not know how soon I may expect to receive a reply, if at all.

I would suggest, however, that you communicate with Mr. W. T. Lopp, Superintendent of the Native Schools of Alaska, 308 Colman Building, Seattle, who might be able to do something in the cases to which you refer.

Respectfully yours,

My dear Sir:

I am enclosing herewith application of James B. Cooley of Hagany for admission to the Alaska Pioneers' Home. The application appears to be regular and I have advised Comrade Hamph, who wrote me on behalf of Mr. Cooley, that the latter is eligible for admission to the Home.

Dear Sambur:

I wite to acknowledge the receipt of your letter of the 7th instant with reference to the application of Mr. James Jr. Conley for admission to the Alaska Pioneers' Home at Sitka, inquiring with Mr. Conley's application duly signed and certified to as to his physical condition by Dr. J. P. Bennett. In reply I have to say that Mr. Conley will be admitted to the Home at any time he may go to Sitka. I am forwarding his application to Superintendent Shipp. Of course, as you know, no provision has been made for the transportation of inmates to the Home and I take it that this will be provided for either by Mr. Conley himself, or his friends.

Honorable Walter E. Clark,
Chaplin, Connecticut.

My dear Governor Clark:

The expected has happened--the Auditor has suspended the modest sum of $763.44 in your final accounts as disbursing agent of the appropriation for legislative expenses. I enclose herewith copies of the Auditor's settlement certificate No. 5590, and the statement of differences. Insofar as the question of routes used in connection with the payment of mileage to and from Juneau is concerned, it is not a difficult one to answer, as you are well aware; the incoming mileage having been figured according to the shortest usual route of travel at the time of year when the members of the legislature were required to come to Juneau to attend the session, and the outgoing mileage being based upon the shortest usual route of travel at the time of year when the members were returning to their respective homes. A further explanation is, of course, that the outgoing mileage was not paid in full owing to the lack of sufficient funds for that purpose--the amount paid being approximately 61 per cent of the whole amount due each member, with the exception of Stubbins and Tripp, who, as you know, were paid in full the small amounts

due them. I enclose herewith copy of one of the vouchers used in payment of the outgoing mileage. You will note that after reciting the amount due there is a notation "In part payment only account of deficiency in appropriation." The mileage shown on the voucher is, of course, only the mileage actually covered by the payment to Senator Bruner, the deficiency in his case being 1818 miles, for which he is entitled to $227.70. All of the vouchers covering payments of outgoing mileage were made up in the same form as that covering Senator Bruner's mileage.

In some cases, as, for instance, that of Senator Bruner, the outgoing mileage covered by the voucher exceeds the incoming mileage. The explanation of this, of course, is that the incoming mileage was by winter trail, while the outgoing was by steamer routes, which as a rule, are much greater. In other cases, as, for instance, the members from the First and Third divisions, there is an apparent inconsistency in the distances between the same given points for the incoming and outgoing mileage. The explanation of this, of course, is that only a portion (approximately 61 per cent) of the outgoing mileage was paid. For your information I send you a copy of the statement which was made up in this office and sent to the Secretary of the Treasury on April 9thlast, in connection with your recommendation that the matter be presented to Congress for the purpose of obtaining a deficiency appropriation to cover the balance of mileage due the various members. Incidentally I might add that in the supplemental

estimates submitted to Congress by the Secretary of the Treasury to cover deficiencies in appropriations for the fiscal year ending June 30, 1914, there is an item of $2267.20 to cover the unpaid mileage due the members of the legislature, and your letter of the above date with the statement which accompanied it is quoted in full in the published estimates.

For your further information and use in case you find it necessary, I enclose two copies each of telegrams which passed between this office and the Treasury Department relative to the mileage of the members of the legislature and particularly with reference to the basis on which such mileage was to be figured, it being finally determined that the Department of Justice distances were to be used.

With reference to the last item in the list of suspensions, the explanation is that at the time this message was sent the cable line had been down for some time and all messages were being transmitted by way of Skagway, Ashcroft, and the U. S. Boundary to the States and thence over the regular lines. The message was, of course, transmitted free of charge between Juneau and Skagway but was paid for at regular commercial rates between Skagway and the United States Boundary, and from there at the regular government rate of 2 cents per word. The charge as taken up in your accounts is therefore correct and should be allowed. I send you herewith the statement of Mr. Floyd, Operator in Charge of the Juneau office

W. H. C.-4.

of the Signal Corps, which I think fully explains the matter. In case you should care to use them, I enclose herewith copies of your telegram of March 5 to the Secretary of War, asking that the franking privilege be extended to the members of the Legislature during the session, and the Assistant Secretary's reply which authorized the members to use the cable and telegraph lines in Alaska without charge for official business. I presume, however, that you will not need to use these copies.

Will you please send to me a copy of your letter of explanation to the Auditor so that I may file it with your accounts.

Faithfully yours,

Secretary to the Governor.

P. S. Floyd's statement shows the actual charges on the message sent by President Ray to be $8.49 instead of $8.50, so it may be that the Auditor will require the refund of the odd cent. $8.50 was the actual amount PAID, of course, since we do not use pennies in this country.

A short time ago after conferring with Governor G. Alas-
I took up with Judge Jennings the matter of transferring monies from
the Alaska Indigent Fund to the Territorial fund for the support of
inmates at the Alaska Pioneers' Home. Money will unquestionably be nec-
to be made for the maintenance of these inmates now in the jails coming
from the different sections of the First division. After setting forth
clearly the necessity existing for the appropriation of the Alaska Fund
for this purpose, Judge Jennings stated that he would have to take
advisement and see what could be done in the premises. He is now in
Ketchikan holding a term of court and has not as yet advised me of his
decision in the matter. I found that at the end of the quarter ending
September 30th last, he had transferred to the United States Treasury the
entire sum that had been set apart for indigent purposes, amounting to
$600.00. I was somewhat surprised that he had done this and I pointed out
to him that in my opinion it was clearly within his discretion to have
appropriated that money for the maintenance of some of the inmates from
the First Judicial division now in the jails, instead of covering it into
the United States Treasury where we may say quickly be it forever out-
lay after.

--Hon. A. G. Shorp, pub--

As soon as Judge Jennings has informed me of his decision in the matter, I shall communicate further with you on the subject.

I am enclosing herewith the application of Thomas J. F. Daly for admission to the bars. I understand that Mr. Daly has been already admitted. The application was not forwarded through an oversight.

I also have application for admission from Peter Steinmetz and Joshua Brewster of Wilkes, but do not know how soon they will arrive.

Very truly yours,

Dear Sir:

I wish to acknowledge the receipt of your letter of October 7th with reference to an item that appeared in a recent interview in the Seattle Post-Intelligencer wherein I was reported as saying that "one of the biggest operators in the Nome district says that his property has been prospected and the ground showed a value of $100,000,000 in gold". I declined to give the name of the gentleman who gave me this information to the reporter for the newspaper because I did not know whether he would like to have his name published to that effect. However, I see no reason for me withholding his name from you. The name of the gentleman is Mr. E. E. Powell, who is operating a number of dredges on the Snake bank of Nome. The name of his company I do not know.

Respectfully yours,

Governor.

Hon. Conrad Freeding.

Nome, Alaska.

My dear Senator:

I write to acknowledge the receipt of your letter of September 22nd relative to your candidacy for clerk of the court at Nome.

In reply I have to state that a few days prior to the receipt of your letter I received a telegram from Mr. James P. Daly asking me if I would recommend him to Judge Tucker. On receipt of Mr. Daly's telegram I wrote Judge Tucker at Seattle asking him to consider Mr. Daly's qualifications and fitness for the office. This being the case you will see that I am estopped from making any further recommendations for that place, but if Judge Tucker declines to appoint Mr. Daly, you are at liberty to use my name as a reference.

As I told you, while in Washington I filed your application for postmaster at Nome and a short time thereafter I received a letter from the First Assistant Postmaster General, Mr. Roper, stating that there was no vacancy in that office at that time, but that your application would be filed for future reference. The presumption therefore is that Mr. Dalton will fill out his term unless charges are preferred against him and sustained, which there probably will not be. If I can be of service to you in any other way at any time, kindly command me.

It was with great regret that I learned of the awful disaster that had overtaken the good old town of Nome and the distress and ill it had caused so many people. I have done all that I could to relieve the situation there. We have raised, I think, nearly $2,000 in this town and sent it to Nome, and I have also been communicating with the Department of the Interior and members of Congress relative to the situation at Nome and the necessity existing for a congressional appropriation. I do not have much hope, however, at the present writing of one being made.

With kindest regards to Mrs. Brooding and yourself, in which Mrs. Strong joins, I am,

Sincerely yours,

Governor.

Hon. F. H. Richards,

My dear Frank:

I have just got your letter of October 7th. Glad to hear from you again. I have been very busy since I returned from my trip through the interior and have just finished my first annual report upon conditions in Alaska and forwarded it to the Secretary of the Interior.

I note what you say in regard to Jim Dunn and I know you will be glad to learn that Brownson has re-appointed him deputy at Nome. I had written to Brownson and told him what a good man Jim was and how long I had known him and it may have helped some.

You will have noticed with much sorrow that your friend Noyes was removed as Judge at Nome, but I don't believe you will put any crape on your good right arm because of it.

You will also have learned that that portion of Nome south of Front Street, was entirely washed away by a storm a few days since and conditions there are pretty tough, I understand. Considerable money has been raised and sent to the sufferers there. Jesse contributed about $2,000 to aid them, but they are still asking for more. Seattle came through with about $10,000 besides a lot of supplies, lumber, etc. etcetera. Let me hear from you at any time.

With best wishes, I am,

Sincerely yours,

Governor.

Dear Doctor:

I have your letter of October 19th with reference to the measles epidemic in the precinct in which you say that everything possible is being done to overcome the same and you believe you will soon have the situation in control. I have to thank you for the prompt measures that you have taken in order to stamp out the disease and prevent its spreading among the people and I fully approve your course.

I am of the opinion that some of the masters of the steamers plying on their routes to the vicinity are culpable in that they do not show due vigilance in preventing the spread of contagious diseases and I shall take such measures as may be deemed proper to prevent such occurrences in the future.

I am forwarding to you under separate cover a copy of the acts of the territorial legislature, which I trust you will receive in due time.

Dear Sir:

I write to acknowledge the receipt of your letter of October 10th with reference to the establishment and maintenance of a school at Metlakahtla.

In reply thereto I have to say that I have already taken up that matter with the Interior Department and I have given it as my opinion that you should have a government school and that the expense of maintaining it should not devolve upon your people. Of course, I cannot say what action will be taken in the matter, but trust it may be favorable. If you still desire to maintain a school at the expense of the people of Metlakahtla, I would advise you to write to Mr. E. S. Lagg, 320 Colman Building, Seattle, Washington, from whom I obtained my first information as to your expressed willingness to support a school by private subscription.

I may also add that I have completed and forwarded to the Interior Department a report on conditions obtaining at Metlakahtla as I found them during my visit to your interesting community. I have endeavored to make a fair statement for the information of the government, and I trust that some means may be found for the solution of the differences that now unhappily exist on Annette Island.

I wish to thank you and through you the people of Hotchkiss for their courteous treatment of Mrs. Strong and myself while visiting your community.

Honorable Charles H. Davidson,

My dear General:

In reply to your letter of even date enclosing a letter from William Rigetsin, I have to say that several weeks ago I received a letter from one C. E. Carroll with reference to the case of Rigetsin, who wished to be admitted to the Alaska Pioneers' Home at Sitka.

I did not know at that time that Rigetsin was an inmate of the Morningside Sanitarium, at Portland, where the Alaska insane are confined. I replied to Carroll's letter stating that as Rigetsin had been out of the Territory for four or five years I did not think that he would be eligible for admission. I, however, asked him to inform me more fully as to the facts of the case.

Since that time I have received a report of all inmates at present confined in the sanitarium and I find that William Rigetsin was admitted on December 26, 1909 and his case is described as follows:

"Paraplegia (paralysis of the lower limbs and part of trunk); mental condition, good; eyes for visual distance; physical condition, poor."

I have received no personal communications from Mr. Rigetsin, nor do I recall that I met him during my recent visit to the sanitarium.

In reply to your letter of even date enclosing a letter from William Ripstein, I have to say that several weeks ago I received a letter from one C. A. Carroll with reference to the case of Ripstein who wished to be admitted to the Alaska Pioneers' Home at Sitka, requesting that application and bond blanks for a notarial commission for Ripstein be mailed to you. I did not know at that time that Ripstein was an inmate of the Portland Sanitarium, at Portland, where the Alaska income tax is confined. In reply you were advised that a proper notarial application for appointment as a notary public for Alaska must first be executed by the clerk of the district court for the division in which the applicant resides. The approved bond, together with the local fee of $10.00, should then be transmitted to the Governor's office with a letter making application for the appointment. Ripstein arrived on December 24, 1909 and his case is described as follows: as it does not appear from your letter that you are a resident of this Territory, it is not deemed necessary to forward the blanks to you.

Yours respectfully,
Secretary to the Governor.

P.S. I have received no personal communications from Mr. Ripstein, nor do I recall that I met him during my recent visit to the sanitarium.

Gentlemen:

Referring to your bill of September 12, 1913, for supplies furnished for the Governor's Mansion, Juneau, upon order of Mrs. Strong, who was then in your city, and payment of which was made on the 20th instant, with other bills against the Mansion and office, by check No. 173, for $73.58, I am now informed by Mrs. Strong that there is an overcharge on the bill above mentioned in the amount of $5.00, the same being the item: "12 Bath Towels, $5.00". Mrs. Strong explains that after placing the order for these bath towels she countermanded it and the towels were not forwarded with the other supplies. Evidently the clerk who handled the matter neglected to put a credit slip through to adjust the matter. Since payment has now been made to you, it would seem to be in order for you to refund the amount, which may be done by a money order or draft payable to the Governor. Upon receipt of the amount it will be deposited by the Governor to the credit of the appropriation from which the payment was made.

My dear Judge:

I beg to acknowledge the receipt of your letter of the 19th instant relative to the appointment of Mr. Sutton as United States Attorney at Juneau.

I feel confident that the appointment is a good one and that Mr. Sutton will make an entirely efficient official. He will reach there under unpleasant circumstances, a portion of the hope, as you probably know, having been swept away by a late storm. Being a Westerner, however, I take it for granted that he will not get "cold feet", although he is going on Arctic winter. Conditions in Juneau are not so unpleasant as one might imagine, although a hyperborean region. I shall be glad to meet Mr. Sutton and make his acquaintance, but I do not expect to do so before next June.

I am glad to note that you are also pleased with the appointment of Judge Dunn. It is a far cry from Virginia to Juneau and I hope his stay in this section will be pleasant.

I thank you for your good wishes and kind words. Mrs. Strong desires to be remembered to you.

Very sincerely yours,

I have much pleasure in acknowledging the receipt of your letter of October 17th relative to the new school act passed at the recent session of the Illinois legislature. In reply I wish to say that the new law will take effect July first next and it provides that after that date every person desiring to exercise the function of voting at any election in any school district for the purpose of electing a school director as a member of the board, shall be a graduate of some duly authorized normal school or college now having at least a four years' course and shall undergo an examination in the usual branches such as arithmetic, physiology, chemistry, history, etc. Which is required to pay a fee of $5.00. I regret that I have not at this time any of the acts to forward to you as this time, but I think there are some being printed and if so, I shall forward you one as soon as possible.

I do recall that in the early days you did everything that you could for the boys to get them in their affiliations without money and without price. I am no further than this.

While the school is in no sense a charitable institution, however, I would suggest to me that if preference is to be made in the employment of a janitor, it should be given to a widow. I did not know that you ever rendered as much as a bag of potatoes to the old Capitol friend, Captain Goggin.

I am very much pleased to have you enrolled as a physician of the last five children of school age, all of whom attend school.

Dear Sir: In reply to your letter of the 19th ultimo

I wish to acknowledge the receipt of your letter of the 16th ultimo addressed to my predecessor, the Honorable Walter L. Clark, with respect to the Fifth National Conservation Congress to be held in Washington November 16, 17 and 18, and asking that delegates be appointed to represent the Territory of Alaska. In reply I beg to state that the near approach of the meeting, coupled with the long distance between Alaska and Washington, and the consequent difficulty to secure men who are willing to make the journey, will prevent this office from complying with your request.

Expressing the hope that the forthcoming session of the Congress will be a great success, I am

I write to acknowledge the receipt of your letter of October 12th and have noted its contents. As I would you understand, while I know Mr. Brennan well, I have not felt like making any specific recommendations for appointment, believing that he should exercise his best judgment in making his deputies, as in the event of mistakes being made he would be the chief sufferer. I have not doubt, however, of the qualifications of Mr. Lane for appointment and I have transmitted his name to Mr. Brennan for his consideration.

I believe that the appointment of Mr. A. G. Boeing was a good one and I am glad that it was made.

I have to thank you for your letter of October 18th re "Colonel" Carroll. I was somewhat impressed with the intelligence and affable manner of the Colonel during my visit to the Kuskokwim Sanitarium. It is too bad, I suppose, that such a fate overtook him. However, his record here, as I ascertained upon my return, was anything but good in the way of financial matters, he being unscrupulous in his business methods.

I note what you say in regard to Santa Barbara, when I remember during my visit at the sanitarium and after my talk with him I had doubts as to his being insane. I trust that the matter of his release has been satisfactorily adjusted.

In reply thereto I have to say that I am advised that the Department of Interior has had this matter brought to its attention and it is possible that Congress will be asked to amend this incongruous act upon which the Commissioner's ruling is based.

Confirming our conversation of this date relative to the sending of official messages to points in the States beyond Seattle at night rates, I beg to advise that it will be entirely satisfactory to this office if the plan suggested by you is followed in future with all official messages sent by this office, namely, that such messages, when addressed to points in the States beyond Seattle, will be sent by you at the night rate unless the messages bear a notation on the face thereof that they are to go at day rates. In future, therefore, we will regard all such messages as "night rate" messages unless it is desired to rush them through in the daytime, in which event they will bear the notation "Day Rate".

Messages to points in the Territory, however, will be handled as heretofore, as I understand it.

[illegible]

[illegible]

My dear Sir:

I beg to acknowledge the receipt of your letter of October 20th, together with a short statement relating to the Pioneers' Home, and referring to matters in connection therewith. My report has already been completed and forwarded to the Secretary of the Interior, so I shall be unable to use the matter which you so kindly furnished me, but I thank you just as heartily for it.

I note what you say with reference to the expenditures made for the equipment and maintenance of the home up to the present time, and I wish to say that in my opinion you have made an excellent record in every way, notwithstanding the fact that the expenditures have been heavier than were anticipated in the beginning. I agree with you that with the experience you have already had in developing the problems that will have to be met, it will be possible to form a more definite policy for the future management of the home.

I would like to come over and make a visit and confer with you and the other trustees, but just now it will be impossible. Later, however, I hope to do so. The problems confronting the home are somewhat complex as a number of the inmates are entirely helpless and, therefore, this very fact entails care upon the management of the home which I do not believe was

anticipated by the Legislature when the home was created. It being my opinion that it was for the purpose of caring for those who, while physically unable to earn a living, were still able to take care of themselves without physical assistance from others. However, I do not see for the life of me how any other course than the one we are pursuing in the case of these helpless men could be followed.

On the next steamer leaving here there will be four more men, possibly five, one of them being a helpless paralytic. Two are from Fairbanks and two are from Wrangell. There will possibly be one more, a man named Link of Juneau, whose application I have not yet received. Capt. Martin is attending to him. They will present their applications in person. In this connection I may say that the Judge of the District Court for the Fourth Judicial division puts from the Federal Health Inligent fund the cost of the transportation and maintenance of the two Fairbanks men from Fairbanks to Sitka and we must endeavor to see that all the Federal Judges turn over any residue that may be left in their hands at the expiration of each quarter into the Territorial fund for the use of the Pioneers' Home. Judge Folley of Fairbanks is doing this and there is no reason why the other Judges should not do so as well.

Monies are coming into the Territorial treasury but very slowly; the big companies have refused to pay the tax levied upon their earned profits and some means must be taken to enforce the collection of the tax. I wish you would advise me upon this matter so that I in turn may advise the Territorial Treasurer as to your views.

Another difficulty ought to be prevented in getting at the

—Miss A. G. Thorp, pub—

[illegible] him, that is how to get at the source, or in other words, how to get the necessary information to enable the tax to be collected. Next, if not all of the risks, are being written outside of the territory.

Dr. F. L. Goldsmith,
Sanitarium, Alaska.

My dear Doctor:

I write to acknowledge the receipt of your letter of October 21st with reference to the advisability of attempting to secure an insane asylum for Alaska located in the Territory. In reply I am somewhat at a loss how to advise you. I have entertained the idea that the Alaska insane should be cared for in Alaska and not outside of it. The cost of maintenance, however, will be an important matter to be considered when the time comes for a renewal of the present contract with the Morningside Sanitarium, or with some other party or parties. I appreciate the fact that it is a big proposition and would entail the expenditure of a great deal of money on your part or on the part of any one in Alaska, who might be desirous of obtaining the contract. The number of insane that are being sent out from Alaska seems to be increasing at an alarming rate, there being now confined at the sanitarium nearly two hundred patients. I believe that the Morningside Sanitarium receives about $1.10 per day for the care of the insane, but I am not positive as to the correctness of that figure. However, it is in that neighborhood.

When I visited the sanitarium last month I found fairly good conditions obtaining there. I tried to keep my visit as quiet as possible so as to drop in upon the institution without previous notification, but in this

—Dr. F. L. Soddard, Pub—

I was not entirely successful, as my arrival in Seville had been telegraphed to Portland through some agency or other. Upon further consideration of this matter, I will be glad to hear from you again.

This I did at once, but have heard nothing from it up to this writing. I do not know whether this report is true or not. However, the recommendation has gone forward just the same. I have said nothing of this matter to any one, but I understood from Mr. Chaney that he would also recommend the appointment of Mr. Roth. He is now on a hunting trip and whether he has done so or not, I do not know.

I also received your telegram from Ketchikan and shall govern myself accordingly. I am enclosing herewith a letter which came to this office addressed to you.

Dear Sir:

In connection with the official expenses of Governor Strong while in your city last summer, I find that the bill which you made out and receipted covers both his own and Mrs. Strong's hotel expense. It is necessary to have a separate bill for the Governor's own portion of the expense for room rent, and I have to request that you will make out a bill against the Governor to cover rent of room from July 30 to August 6, inclusive, at the regular rate for the room when occupied by one person -- which the Governor says he thinks is probably $2.50 per day. The room occupied was No. 1, and you charged it at the rate of $3 per day for the Governor and Mrs. Strong. We have assumed the rate for one person is $2.50 and have so noted it in the account, but if it should be less than this we will of course correct the account to agree with your bill. Kindly make the bill in duplicate and receipt it as of AUGUST 7, 1913. It is not necessary to show meals on the bill.

Mr. W. Scott Simpson,

Indian Agent for Stikine Division,

Telegraph Creek, B. C.

Dear Sir:

Your letter of October 22nd addressed to the postmaster at Juneau has been referred to me. In reply thereto I beg to advise you that a list of the Juneau Indians, families in detail, etc., could not be furnished you by this office and I doubt if you could secure it from the Census Bureau to which, however, you might write for the information you desire.

The last enumeration of the Indians was taken in 1910. The Juneau Indians are not migratory in their habits as a rule, but I suppose occasionally they do go over into Canadian territory. Very few Indians live at Taku Inlet and probably none any considerable distance back from the coast.

The Indians of Alaska are self-supporting and are not strictly under the management of any department of the government, except insofar as their education, health and sanitary interests are concerned.

Dear Sir:

I wish to acknowledge the receipt of your letter of October 20th with reference to fox farming in Alaska and your desire to engage in the practical work of a fox farm, expressing your preference on a fox farm conducted by the government. In reply I beg to advise you that the government does not conduct fox farms either in Alaska or elsewhere in the United States and evidently you have been misinformed thereto. There are a number of fox farms operated by private parties, however, in different parts of Alaska, on the coast and in the interior country. Probably the one best known is that of Mr. James York at Dundas, one hundred miles south of Juneau. A few years ago a blue fox farm was operated on Middleton Island, west of Prince William Sound, and I believe that there is another at Haines and still another at Dyea. I do not know the names of the men operating these fox farms, but you may be able to get into communication with them. Professor C. C. Georgeson,

Special Agent in Charge,

Sitka, Alaska.

My dear Sir:

I beg to refer to you herewith the letter of the Lumber World Review, Chicago, Illinois, requesting information on the subject of the economical construction of silos, et cetera. As this relates to a matter which pertains to your particular field of labor, you are in a much better position to reply thereto than anyone in this office.

I have advised the Lumber World Review that its letter has been referred to you for a reply.

Faithfully yours,

Secretary to the Governor.

ccel.
