## Records Retention and Disposition Schedule

**Agency I.D: 668      Schedule No: 18-668.1**

DEPARTMENT OF ENVIRONMENTAL CONSERVATION  
 DIVISION OF WATER  
 668 - CRUISE SHIP PROGRAM

The agency will follow retention periods for common records as listed in the most current State of Alaska General Administrative Records Retention and Disposition Schedule (GARRDS), unless those records have been listed on this schedule.

Unless noted all record series are nonconfidential. This schedule supersedes #181700.

All records that have potential permanent legal and historical value may be reviewed by the State Archivist for possible permanent retention in the State Archives in accordance with AS 40.21.030.

Under 4 AAC 59.005, it is the responsibility of agencies to ensure that records created and maintained in electronic systems remain accessible and durable for their prescribed retention period. This requires addressing the issues of periodic media refreshment, digital migration strategies and security plans. Backups produced for system recovery purposes do not serve a recordkeeping function or substitute for archived business essential duplicates.

Pursuant to the provisions of AS 40.21 and 4 AAC 59, the records listed on this schedule are approved for retention and disposition as indicated.

<p><b>001 - Site Specific Regulation Files (Revision/Review and Site Specific)</b>  Documents decisions made regarding regulation revision. Includes comments from the Department of Law, analyses, position papers and other correspondence. Site specific records include changes and modifications to permits (e.g., Red Dog Mine).</p> <p>Arranged alphabetically by title.</p>	H	PA	Y	<p>Once a regulation has become obsolete or been superseded, it is held for twenty years by the agency prior to transfer into the State Archives. The program has an operational need to maintain these documents, as historic information regarding program development will be essential to the future administration of this unique program and to other agencies/organizations in related fields.</p> <p>Permits are renewed every five years and updated. Site specific regulation files must be maintained to provide historical continuity.</p> <p>This records series originates in the Division of Water, Water Programs (agency ID #417). This records series can be cross-referenced on that agency's schedule. Agency #668 requires an extended retention period in order to meet anticipated operational need for the data in this records series in its assessment of cruise ship industry wastewater technologies and compliance.</p>

You can transfer records to an approved records center at any point - complete a Records Transfer List (RTL) and submit it to your Records Officer for approval.
